

Subject Index

Volume 64, 2019

Contributor index on page 448.

3D transvaginal scan, sonohysterography

Three-Dimensional Saline Contrast Sonohysterography in Detecting Uterine Anomalies and Pathologies Among Subfertile Women and Women with Abnormal Uterine Bleeding. (Khan et al), 2019;64:364–370

17 alpha-hydroxyprogesterone caproate

Vaginal Versus Intramuscular Progestogen for Prevention of Recurrent Spontaneous Preterm Birth: A Pragmatic Study in a High-Risk Patient Population. (Glenn et al), 2019;64:395–400

47,XXY

Spontaneous Pregnancy Fathered by a Chinese Man with Non-Mosaic Klinefelter Syndrome: A Case Report. (Ou et al), 2019;64:389–392

A

Abdominal fat/surgery

Safety of Panniculectomy During Cesarean Section: A Prospective, Non-Randomized Study. (Petrikovsky et al), 2019;64:197–200

Abdominal pain

Isolated Fallopian Tube Torsion with Recurrence: A Case Report. (Wang et al), 2019;64:79–82

Uterine Scar Rupture in the Setting of Hematometra with Cervical Stenosis: A Case Report. (Thomas et al), 2019;64:439–442

Abdominal pregnancy

Undetected Abdominal Pregnancy Delivered at 25+3 Weeks' Gestation: A Case Report. (Rugino et al), 2019;64:241–244

Abdominal wound closure techniques

Evaluation of a Novel Skin Closure Device at the Time of Cesarean Section: A Randomized Pilot Study. (Rubino and Salamon), 2019;64:193–196

Abnormal uterine bleeding

Gynecologic Care in the Adolescent Population: A Case Series in Adolescent Gynecology.

(Wolgemuth and Sanfilippo), 2019;64:319–325
Three-Dimensional Saline Contrast Sonohysterography in Detecting Uterine Anomalies and Pathologies Among Subfertile Women and Women with Abnormal Uterine Bleeding. (Khan et al), 2019;64:364–370

Abortion

Elevated Natural Killer Cells in the Decidua and Peripheral Blood of Patients with Unexplained Recurrent Miscarriage. (Yang et al), 2019;64:38–44

Immediate Initiation of Oral Contraceptive Pills After Surgical Abortion: A Randomized Controlled Trial. (Prager et al), 2019;64:15–20

Midtrimester Termination of Pregnancy Complicated by Complete Placenta Previa: A Report of 2 Cases. (Chen et al), 2019;64:443–446

Termination of Second Trimester Pregnancy Affected by Thrombocytopenia. (Ou and Liu), 2019;64:291–293

Access

Time-to-Appointment for a New Well-Woman Examination: A National Sampling Using Mystery Shopper Methodology. (Miller and Rayburn), 2019;64:115–118

Acetylcholine receptor

Pregnancy with Anti-MuSK-Positive Myasthenia Gravis That Was Diagnosed During Pregnancy: A Case Report. (Masuyama et al), 2019;64:71–73

Acrocephalosyndactylia

Sonographic Findings and Progression of Skeletal Manifestations in Prenatally Diagnosed Apert Syndrome: A Report of 2 Cases. (Stanley et al), 2019;64:163–165

Acupuncture

Acupuncture Has No Significantly Positive Effect on in Vitro Fertilization: A Review of Systematic Reviews. (Peng et al), 2019;64:51–60

Psychological Counseling Benefits Certain Polycystic Ovary Syndrome Patients? A Case Report. (Dong et al), 2019;64:74–78

Adenoma

Primary Hyperparathyroidism Mimicking Pre-eclampsia in Pregnancy: A Case Report. (Martimucci et al), 2019;64:166–168

Adenomyosis

Recurrent Endometrioma in Infertile Patients Has Worse Outcome than Primary Endometrioma in Response to Controlled Ovarian Hyperstimulation and Intrauterine Insemination. (Huseyin et al), 2019;64:282–290

Adenosine monophosphate deaminase deficiency

Myoadenylate Deaminase Deficiency and Rhabdomyolysis in Pregnancy: A Case Report. (Kuhn et al), 2019;64:83–84

Adhesiolysis

Uterine Scar Rupture in the Setting of Hematometra with Cervical Stenosis: A Case Report. (Thomas et al), 2019;64:439–442

Adhesion prevention

Secondary Vaginal Atresia Treated by Hysteroscopy Combined with Laparoscopy: A Case Report. (Chen et al), 2019;64:313–316

Adnexal mass

Adnexal Masses 5 cm in Diameter or Greater Extirpated During Cesarean Operation. (Yalcin et al), 2019;64:33–37

Adolescent gynecology

Gynecologic Care in the Adolescent Population: A Case Series in Adolescent Gynecology. (Wolgemuth and Sanfilippo), 2019;64:319–325

Hepatocellular Carcinoma During Pregnancy: A Case Report. (Yau et al), 2019;64:67–70

Amenorrhea

Testosterone-Producing Ovarian Tumor: A Case Report. (Patel et al), 2019;64:307–309

AMP deaminase

Myoadenylate Deaminase Deficiency and Rhabdomyolysis in Pregnancy: A Case Report. (Kuhn et al), 2019;64:83–84

Amphetamines

Pregnancy Outcomes of Women Supervised Under Professional Methadone Programs. (Holloman et al), 2019;64:142–146

Anemia

Elevated Maternal Shock Index Associated with Nonimmune Hydrops Fetalis, Fetal Hepatic Hemangioendothelioma, and Kasabach-Merritt Syndrome: A Case Report. (Blitz and Rochelson), 2019;64:61–63

Angiogenesis

Different Baseline Levels of Angiogenesis Related Cytokines in Serum of PCOS Patients With and Without Ovarian Hyperstimulation Syndrome Undergoing in Vitro Fertilization. (Hou et al), 2019;64:425–431

Anovulation

Different Baseline Levels of Angiogenesis Related Cytokines in Serum of PCOS Patients With and Without Ovarian Hyperstimulation Syndrome Undergoing in Vitro Fertilization. (Hou et al), 2019;64:425–431

Options for Assisted Reproduction in Young Women with Uterine Cancer: A Cost-Effectiveness Analysis. (Shah et al), 2019;64:104–110

Antenatal corticosteroids

Antenatal Corticosteroids Increase the Risk of Hyperglycemia in Nonobese and Obese Nondiabetic Women. (Lynch et al), 2019;64:178–182

Anti-IgG

Pregnancy with Anti-MuSK-Positive Myasthenia Gravis That Was Diagnosed During Pregnancy: A Case Report. (Masuyama et al), 2019;64:71–73

Anti-Müllerian hormone

Effect of Salpingectomy for Hydrosalpinx or Tubal Pregnancy on the Ovarian Reserve as Measured by Serum anti-Müllerian Hormone Levels. (Murase et al), 2019;64:90–94

Anti-muscle-specific tyrosine kinase antibody

Pregnancy with Anti-MuSK-Positive Myasthenia Gravis That Was Diagnosed During Pregnancy: A Case Report. (Masuyama et al), 2019;64:71–73

Antibiotic prophylaxis

Do Prophylactic Antibiotics After Manual Exploration of the Uterus Decrease the Incidence of Postpartum Endometritis? (Hudson et al), 2019;64:3–7

Universal Screening for Group B Streptococcus Versus Universal Treatment in Pregnant Women in Appalachia: Unintended Cost Shifting Consequences. (Kowal et al), 2019;64:183–187

Antibodies

Microbial Infections in Saudi Women During Pregnancy, Parturition, and Puerperium: An Experience from Published Literature (1976–2018). (Areeshi et al), 2019;64:410–418

Pregnancy with Anti-MuSK-Positive Myasthenia Gravis That Was Diagnosed During Pregnant-

cy: A Case Report. (Masuyama et al), 2019;64:71–73

Anxiety

Efficacy of in Vitro Fertilization in Treating Infertility Caused by Severe Vaginismus: A Case Series. (Wang et al), 2019;64:432–438

Relationship Between Endometriosis Pain and Anxiety or Depression: A Preliminary Study. (Zhang), 2019;64:215–220

Apert syndrome

Sonographic Findings and Progression of Skeletal Manifestations in Prenatally Diagnosed Apert Syndrome: A Report of 2 Cases. (Stanley et al), 2019;64:163–165

Appointment

Time-to-Appointment for a New Well-Woman Examination: A National Sampling Using Mystery Shopper Methodology. (Miller and Rayburn), 2019;64:115–118

Array comparative genomic hybridization

Analysis of Blastomere or Blastocyst from Carriers of Pericentric Inversion of Chromosome 9 with the Use of FISH and Array Comparative Genomic Hybridization. (Zhu et al), 2019;64:206–214

Artificial insemination

Recurrent Endometrioma in Infertile Patients Has Worse Outcome than Primary Endometrioma in Response to Controlled Ovarian Hyperstimulation and Intrauterine Insemination. (Huseyin et al), 2019;64:282–290

Assisted reproductive techniques

Acupuncture Has No Significantly Positive Effect on in Vitro Fertilization: A Review of Systematic Reviews. (Peng et al), 2019;64:51–60

Circulating Levels of Brain-Derived Neurotrophic Factor at the Start of an IVF Cycle and Association with Subsequent Pregnancy Loss Differ Between Black and White Women. (Elder et al), 2019;64:335–338

Comparison of Intracytoplasmic Sperm Injection and Preselected Intracytoplasmic Sperm Injection by Time-Lapse Monitoring. (Hlaváčová et al), 2019;64:125–130

Different Baseline Levels of Angiogenesis Related Cytokines in Serum of PCOS Patients With and Without Ovarian Hyperstimulation Syndrome Undergoing in Vitro Fertilization. (Hou et al), 2019;64:425–431

Efficacy of in Vitro Fertilization in Treating Infertility Caused by Severe Vaginismus: A Case Series. (Wang et al), 2019;64:432–438

Fertility Awareness Counseling: Reproductive Healthcare Provider Practices and Unmet Patient Needs. (Kudesia et al), 2019;64:221–228

Improvement of Clinical Pregnancy Rate of Frozen Embryo Transfer in Infertile Women with Thin Endometrium by Intrauterine Administration of Autologous Platelet-Rich Plasma During Endometrial Local Injury. (Liu et al), 2019;64:359–363

Mild Hyperbaric Oxygen Improves the Outcome of Infertility Treatment. (Yoshikawa et al), 2019;64:339–345

Ovarian Sensitivity Index in the First in Vitro Fertilization Cycle Is as Good as the Bologna Criteria for Predicting Poor Ovarian Response in a Subsequent Treatment Cycle. (Ko et al), 2019;64:137–141

Pregnancies Utilizing Donated Oocytes Pose Potential Risks to Recipients and Neonates. (Barnard et al), 2019;64:131–136

Professionally Responsible Referral for Assisted Reproduction. (Chervenak et al), 2019;64:87–89

Recurrent Endometrioma in Infertile Patients Has Worse Outcome than Primary Endometrioma in Response to Controlled Ovarian Hyperstimulation and Intrauterine Insemination. (Huseyin et al), 2019;64:282–290

Three-Dimensional Saline Contrast Sonohysterography in Detecting Uterine Anomalies and Pathologies Among Subfertile Women and Women with Abnormal Uterine Bleeding. (Khan et al), 2019;64:364–370

Use of Preimplantation Genetic Diagnosis to Stop Transmission of Cardiac Rhythm Disorder in One Family: A Case Report. (Alley et al), 2019;64:154–156

Attitude of health personnel

Fertility Awareness Counseling: Reproductive Healthcare Provider Practices and Unmet Patient Needs. (Kudesia et al), 2019;64:221–228

Autologous platelet-rich plasma

Improvement of Clinical Pregnancy Rate of Frozen Embryo Transfer in Infertile Women with Thin Endometrium by Intrauterine Administration of Autologous Platelet-Rich Plasma During Endometrial Local Injury. (Liu et al), 2019;64:359–363

B

Bechterew syndrome

Coexistent Marfan Syndrome, Seronegative Spondyloarthropathy, and Pregnancy- and

Lactation-Associated Osteoporosis: A Case Report. (Navarro et al), 2019;64:386–388

Beckwith-Wiedemann syndrome

Placental Mesenchymal Dysplasia: Key Clinical and Pathology Features to Aid in Differentiation from Molar Pregnancy: A Case Report. (Kisby et al), 2019;64:229–232

Beta catenin

miR-208a Induced Invasion and Migration of Human Trophoblast Cells Via Targeting CXCR4/PI3K/AKT Signaling Pathway in Preeclampsia. (Li et al), 2019;64:346–352

Betamethasone

Antenatal Corticosteroids Increase the Risk of Hyperglycemia in Nonobese and Obese Nondiabetic Women. (Lynch et al), 2019;64:178–182

Bilateral salpingectomy

Uterine Scar Rupture in the Setting of Hematometra with Cervical Stenosis: A Case Report. (Thomas et al), 2019;64:439–442

Biopsy

Observation of a Robust Immune Inflammatory Response Following Frictional Fabric Cervical Biopsy and Endocervical Curettage During Colposcopy. (Sitelman et al), 2019;64:261–264

Birth weight

Pregnancies Utilizing Donated Oocytes Pose Potential Risks to Recipients and Neonates. (Barnard et al), 2019;64:131–136

Body mass index

Association Between Serum Ferritin Concentrations and Menstrual Irregularities in Nondiabetic Korean Women: A Cross-Sectional Study. (Park et al), 2019;64:294–302

Bologna criteria

Ovarian Sensitivity Index in the First in Vitro Fertilization Cycle Is as Good as the Bologna Criteria for Predicting Poor Ovarian Response in a Subsequent Treatment Cycle. (Ko et al), 2019;64:137–141

Bone

Long Bone Chondrosarcoma with Metastasis to the Ovary: A Case Report. (May et al), 2019;64:233–236

Secondary Infertility Due to Intrauterine Osseous Foreign Body: A Case Report. (Badawy and Zhang), 2019;64:157–159

Brain neoplasms

Schwannoma in Pregnancy Associated with Severe Preeclampsia and Maternal Mortality: A Case Report. (Colihan et al), 2019;64:160–162

Brain-derived neurotrophic factor

Circulating Levels of Brain-Derived Neurotrophic Factor at the Start of an IVF Cycle and Association with Subsequent Pregnancy Loss Differ Between Black and White Women. (Elder et al), 2019;64:335–338

Bronchial asthma

Acute Exacerbation of Subglottic Stenosis in Pregnancy: A Case Report. (Grossman et al), 2019;64:303–306

C

Cervical intraepithelial neoplasia

Observation of a Robust Immune Inflammatory Response Following Frictional Fabric Cervical Biopsy and Endocervical Curettage During Colposcopy. (Sitelman et al), 2019;64:261–264

Uterine Scar Rupture in the Setting of Hematometra with Cervical Stenosis: A Case Report. (Thomas et al), 2019;64:439–442

Cervical stenosis

Uterine Scar Rupture in the Setting of Hematometra with Cervical Stenosis: A Case Report. (Thomas et al), 2019;64:439–442

Cesarean section

Adnexal Masses 5 cm in Diameter or Greater Extirpated During Cesarean Operation. (Yalcin et al), 2019;64:33–37

Evaluation of a Novel Skin Closure Device at the Time of Cesarean Section: A Randomized Pilot Study. (Rubino and Salamon), 2019;64:193–196

Pregnancy with Anti-MuSK-Positive Myasthenia Gravis That Was Diagnosed During Pregnancy: A Case Report. (Masuyama et al), 2019;64:71–73

Safety of Panniculectomy During Cesarean Section: A Prospective, Non-Randomized Study. (Petrikovsky et al), 2019;64:197–200

Uterine Scar Rupture in the Setting of Hematometra with Cervical Stenosis: A Case Report. (Thomas et al), 2019;64:439–442

Chondrosarcoma

Long Bone Chondrosarcoma with Metastasis to the Ovary: A Case Report. (May et al), 2019;64:233–236

Chorionic villus sampling

Detection of Chromosome Abnormalities in Early Spontaneous Miscarriages: A Comparison Between G-Banding Karyotyping and Chromosomal Microarray Analysis. (Song et al), 2019;64:371–374

Chorionicity

Ultrasound Measurement of Twin Dividing Membrane Thickness and Risk of Spontaneous Preterm Birth. (Bracero et al), 2019;64:265–269

Chromosomal abnormalities

Analysis of Blastomere or Blastocyst from Carriers of Pericentric Inversion of Chromosome 9 with the Use of FISH and Array Comparative Genomic Hybridization. (Zhu et al), 2019;64:206–214

Detection of Chromosome Abnormalities in Early Spontaneous Miscarriages: A Comparison Between G-Banding Karyotyping and Chromosomal Microarray Analysis. (Song et al), 2019;64:371–374

Chronic hepatitis B

Hepatocellular Carcinoma During Pregnancy: A Case Report. (Yau et al), 2019;64:67–70

Chronic pain/psychology

Relationship Between Endometriosis Pain and Anxiety or Depression: A Preliminary Study. (Zhang), 2019;64:215–220

Cigarette smoking

Association Between Serum Ferritin Concentrations and Menstrual Irregularities in Nondiabetic Korean Women: A Cross-Sectional Study. (Park et al), 2019;64:294–302

Clinical protocols

Outcomes of Suction Curettage Versus Hysterectomy for the Treatment of Hydatidiform Mole Among Women Aged 40 Years or Older. (Lertkachonsuk et al), 2019;64:188–192

Cognitive behavioral therapy

Efficacy of in Vitro Fertilization in Treating Infertility Caused by Severe Vaginismus: A Case Series. (Wang et al), 2019;64:432–438

Coloboma

Renal Coloboma Syndrome in Pregnancy: A Case Report. (Boone and Rimawi), 2019;64:379–382

Colposcopy

Observation of a Robust Immune Inflammatory Response Following Frictional Fabric Cervical Biopsy and Endocervical Curettage During Colposcopy. (Sitelman et al), 2019;64:261–264

Complementary medicine

Acupuncture Has No Significantly Positive Effect on in Vitro Fertilization: A Review of Systematic Reviews. (Peng et al), 2019;64:51–60

Congenital abnormalities

Congenital Absence of the Fimbria with Deformity of the Ampullae of the Fallopian Tube:

A Case Report. (Detrick et al), 2019;64:64–66

Congenital Anomalies of the Kidney and Urinary Tract in Patients with Septate Uteri. (Broughton et al), 2019;64:119–124

Congenital ampullary atresia

Congenital Absence of the Fimbria with Deformity of the Ampullae of the Fallopian Tube: A Case Report. (Detrick et al), 2019;64:64–66

Contraception

Fertility Awareness Counseling: Reproductive Healthcare Provider Practices and Unmet Patient Needs. (Kudesia et al), 2019;64:221–228

Immediate Initiation of Oral Contraceptive Pills After Surgical Abortion: A Randomized Controlled Trial. (Prager et al), 2019;64:15–20

Cornual heterotopic pregnancy

Risk Factors for Cornual Heterotopic Pregnancy After in Vitro Fertilization and Frozen-Thawed Embryo Transfer. (Xiao et al), 2019;64:419–424

Cost analysis

Analysis of the Trend in the Cost of Professional Liability Insurance and Obstetricians and Gynecologists Workforce in the United States from 2005 to 2015. (Kim et al), 2019;64:256–260

Options for Assisted Reproduction in Young Women with Uterine Cancer: A Cost-Effectiveness Analysis. (Shah et al), 2019;64:104–110

Universal Screening for Group B Streptococcus Versus Universal Treatment in Pregnant Women in Appalachia: Unintended Cost Shifting Consequences. (Kowal et al), 2019;64:183–187

Counseling

The Fate of Supernumerary Cryopreserved Embryos: Insights into Patients' Decisions. (Luong et al), 2019;64:326–334

Fertility Awareness Counseling: Reproductive Healthcare Provider Practices and Unmet Patient Needs. (Kudesia et al), 2019;64:221–228

Psychological Counseling Benefits Certain Polycystic Ovary Syndrome Patients? A Case Report. (Dong et al), 2019;64:74–78

Craniosynostosis

Sonographic Findings and Progression of Skeletal Manifestations in Prenatally Diagnosed Apert Syndrome: A Report of 2 Cases. (Stanley et al), 2019;64:163–165

Critical care

Treatment of Septic Shock in the Second Trimester with Dilation and Evacuation: A Report of 3 Cases. (Mourad et al), 2019;64:375–378

Cryopreservation

The Fate of Supernumerary Cryopreserved Embryos: Insights into Patients' Decisions. (Luong et al), 2019;64:326–334

Fertility Awareness Counseling: Reproductive Healthcare Provider Practices and Unmet Patient Needs. (Kudesia et al), 2019;64:221–228

Role of Demographics and Diagnosis on Fertility Preservation Decision-Making Among Female Cancer Patients of Reproductive Age. (Cardozo et al), 2019;64:8–14

Curettage

Observation of a Robust Immune Inflammatory Response Following Frictional Fabric Cervical Biopsy and Endocervical Curettage During Colposcopy. (Sitelman et al), 2019;64:261–264

Curriculum

A Curriculum for the Fourth Year of Medical School: A Survey of Obstetrics and Gynecology Educators. (Forstein et al), 2019;64:247–255

Fetal Ultrasound Interpretation Using a Flipped Learning Approach During an Introductory Obstetrics Clerkship. (Rayburn et al), 2019;64:151–153

CXCR4/PI3K/AKT pathway

miR-208a Induced Invasion and Migration of Human Trophoblast Cells Via Targeting CXCR4/PI3K/AKT Signaling Pathway in Pre-eclampsia. (Li et al), 2019;64:346–352

Cystic teratoma

Adnexal Masses 5 cm in Diameter or Greater Extirpated During Cesarean Operation. (Yalcin et al), 2019;64:33–37

Cystoscopy

Uterine Scar Rupture in the Setting of Hematometra with Cervical Stenosis: A Case Report. (Thomas et al), 2019;64:439–442

Cytomegalovirus

Microbial Infections in Saudi Women During Pregnancy, Parturition, and Puerperium: An Experience from Published Literature (1976–2018). (Areeshi et al), 2019;64:410–418

D**D&C**

A Comparison of Surgical Treatments of Early Pregnancy Loss Due to Undiagnosed Complete or Partial Mole: Office Manual Vacuum Aspiration Is a Safe Option. (Mowers et al), 2019;64:45–50

Do Prophylactic Antibiotics After Manual Ex-

ploration of the Uterus Decrease the Incidence of Postpartum Endometritis? (Hudson et al), 2019;64:3–7

Treatment of Septic Shock in the Second Trimester with Dilatation and Evacuation: A Report of 3 Cases. (Mourad et al), 2019;64:375–378

Decidua

Elevated Natural Killer Cells in the Decidua and Peripheral Blood of Patients with Unexplained Recurrent Miscarriage. (Yang et al), 2019;64:38–44

Deep infiltrative endometriosis

Recurrent Endometrioma in Infertile Patients Has Worse Outcome than Primary Endometrioma in Response to Controlled Ovarian Hyperstimulation and Intrauterine Insemination. (Huseyin et al), 2019;64:282–290

Depression

Relationship Between Endometriosis Pain and Anxiety or Depression: A Preliminary Study. (Zhang), 2019;64:215–220

Derma-Clip

Evaluation of a Novel Skin Closure Device at the Time of Cesarean Section: A Randomized Pilot Study. (Rubino and Salamon), 2019;64:193–196

Diabetes mellitus

Antenatal Corticosteroids Increase the Risk of Hyperglycemia in Nonobese and Obese Nondiabetic Women. (Lynch et al), 2019;64:178–182

Diagnostic imaging

Endometriosis: A Review on New Advances in Clinical Diagnosis and Management. (Alshehly), 2019;64:270–274

Dilation and curettage

A Comparison of Surgical Treatments of Early Pregnancy Loss Due to Undiagnosed Complete or Partial Mole: Office Manual Vacuum Aspiration Is a Safe Option. (Mowers et al), 2019;64:45–50

Do Prophylactic Antibiotics After Manual Exploration of the Uterus Decrease the Incidence of Postpartum Endometritis? (Hudson et al), 2019;64:3–7

Treatment of Septic Shock in the Second Trimester with Dilatation and Evacuation: A Report of 3 Cases. (Mourad et al), 2019;64:375–378

Dissolved oxygen

Mild Hyperbaric Oxygen Improves the Outcome of Infertility Treatment. (Yoshikawa et al), 2019;64:339–345

Donor conception

Pregnancies Utilizing Donated Oocytes Pose

Potential Risks to Recipients and Neonates. (Barnard et al), 2019;64:131–136

Double-label immunofluorescence

Elevated Natural Killer Cells in the Decidua and Peripheral Blood of Patients with Unexplained Recurrent Miscarriage. (Yang et al), 2019;64:38–44

Drug therapy

Endometriosis: A Review on New Advances in Clinical Diagnosis and Management. (Alshehly), 2019;64:270–274

Dysgerminoma

Ovarian Dysgerminoma in a Karyotypically Normal Female with Premature Ovarian Insufficiency: A Case Report. (Wilson et al), 2019;64:383–385

Drugs, illicit

Pregnancy Outcomes of Women Supervised Under Professional Methadone Programs. (Holloman et al), 2019;64:142–146

Dysmenorrhea

Gynecologic Care in the Adolescent Population: A Case Series in Adolescent Gynecology. (Wolgemuth and Sanfilippo), 2019;64:319–325

Dyspareunia

Relationship Between Endometriosis Pain and Anxiety or Depression: A Preliminary Study. (Zhang), 2019;64:215–220

Dyspnea

Schwannoma in Pregnancy Associated with Severe Preeclampsia and Maternal Mortality: A Case Report. (Colihan et al), 2019;64:160–162

E

Early pregnancy loss

A Comparison of Surgical Treatments of Early Pregnancy Loss Due to Undiagnosed Complete or Partial Mole: Office Manual Vacuum Aspiration Is a Safe Option. (Mowers et al), 2019;64:45–50

Detection of Chromosome Abnormalities in Early Spontaneous Miscarriages: A Comparison Between G-Banding Karyotyping and Chromosomal Microarray Analysis. (Song et al), 2019;64:371–374

Ectopic kidney

Secondary Vaginal Atresia Treated by Hysteroscopy Combined with Laparoscopy: A Case Report. (Chen et al), 2019;64:313–316

Ectopic pregnancy

Risk Factors for Cornual Heterotopic Pregnancy After in Vitro Fertilization and Frozen-Thawed

Embryo Transfer. (Xiao et al), 2019;64:419–424

Undetected Abdominal Pregnancy Delivered at 25+3 Weeks' Gestation: A Case Report. (Rugino et al), 2019;64:241–244

Editorial

A Note from the Editor-in-Chief. (Devoe), 2019;64:1–2

A Note from the Editor-in-Chief. (Devoe), 2019;64:85–86

A Note from the Editor-in-Chief. (Devoe), 2019;64:169–170

A Note from the Editor-in-Chief. (Devoe), 2019;64:245–246

A Note from the Editor-in-Chief. (Devoe), 2019;64:317–318

A Note from the Editor-in-Chief. (Devoe), 2019;64:393–394

Education, medical, undergraduate

A Curriculum for the Fourth Year of Medical School: A Survey of Obstetrics and Gynecology Educators. (Forstein et al), 2019;64:247–255

Fetal Ultrasound Interpretation Using a Flipped Learning Approach During an Introductory Obstetrics Clerkship. (Rayburn et al), 2019;64:151–153

Embryo disposition and donation

The Fate of Supernumerary Cryopreserved Embryos: Insights into Patients' Decisions. (Luong et al), 2019;64:326–334

Embryo transfer

Improvement of Clinical Pregnancy Rate of Frozen Embryo Transfer in Infertile Women with Thin Endometrium by Intrauterine Administration of Autologous Platelet-Rich Plasma During Endometrial Local Injury. (Liu et al), 2019;64:359–363

Risk Factors for Cornual Heterotopic Pregnancy After in Vitro Fertilization and Frozen-Thawed Embryo Transfer. (Xiao et al), 2019;64:419–424

Endometrial cancer

Options for Assisted Reproduction in Young Women with Uterine Cancer: A Cost-Effectiveness Analysis. (Shah et al), 2019;64:104–110

Endometrial local injury

Improvement of Clinical Pregnancy Rate of Frozen Embryo Transfer in Infertile Women with Thin Endometrium by Intrauterine Administration of Autologous Platelet-Rich Plasma During Endometrial Local Injury. (Liu et al), 2019;64:359–363

Endometrial polyp

Impact of Hysteroscopic Polypectomy on Pregnancy Outcomes of in Vitro Fertilization. (Lui et al), 2019;64:201–205

Endometriosis

Changes in Ovarian Function Induced by Letrozole in an Endometriosis Rat Model. (Li et al), 2019;64:21–27

Endometriosis: A Review on New Advances in Clinical Diagnosis and Management. (Alshehly), 2019;64:270–274

Gynecologic Care in the Adolescent Population: A Case Series in Adolescent Gynecology. (Wolgemuth and Sanfilippo), 2019;64:319–325

Perturbations in Progesterone Receptor Isoforms in Endometriosis. (Abdul Karim et al), 2019;64:275–281

Recurrent Endometrioma in Infertile Patients Has Worse Outcome than Primary Endometrioma in Response to Controlled Ovarian Hyperstimulation and Intrauterine Insemination. (Huseyin et al), 2019;64:282–290

Relationship Between Endometriosis Pain and Anxiety or Depression: A Preliminary Study. (Zhang), 2019;64:215–220

Endometritis

Do Prophylactic Antibiotics After Manual Exploration of the Uterus Decrease the Incidence of Postpartum Endometritis? (Hudson et al), 2019;64:3–7

Endometrium

Improvement of Clinical Pregnancy Rate of Frozen Embryo Transfer in Infertile Women with Thin Endometrium by Intrauterine Administration of Autologous Platelet-Rich Plasma During Endometrial Local Injury. (Liu et al), 2019;64:359–363

Perturbations in Progesterone Receptor Isoforms in Endometriosis. (Abdul Karim et al), 2019;64:275–281

Endomyometritis

Do Prophylactic Antibiotics After Manual Exploration of the Uterus Decrease the Incidence of Postpartum Endometritis? (Hudson et al), 2019;64:3–7

Enterolysis

Uterine Scar Rupture in the Setting of Hematometra with Cervical Stenosis: A Case Report. (Thomas et al), 2019;64:439–442

Examination

Time-to-Appointment for a New Well-Woman Examination: A National Sampling Using

Mystery Shopper Methodology. (Miller and Rayburn), 2019;64:115–118

Extraction, obstetric

Do Prophylactic Antibiotics After Manual Exploration of the Uterus Decrease the Incidence of Postpartum Endometritis? (Hudson et al), 2019;64:3–7

F**Fallopian tube**

Congenital Absence of the Fimbria with Deformity of the Ampullae of the Fallopian Tube: A Case Report. (Detrick et al), 2019;64:64–66

Isolated Fallopian Tube Torsion with Recurrence: A Case Report. (Wang et al), 2019;64:79–82

Ferritin

Association Between Serum Ferritin Concentrations and Menstrual Irregularities in Nondiabetic Korean Women: A Cross-Sectional Study. (Park et al), 2019;64:294–302

Fertility

Fertility Awareness Counseling: Reproductive Healthcare Provider Practices and Unmet Patient Needs. (Kudesia et al), 2019;64:221–228

Fertility Desire in Chinese Kidney Transplant Recipients: A Mixed Method Study. (Yang et al), 2019;64:401–409

Role of Demographics and Diagnosis on Fertility Preservation Decision-Making Among Female Cancer Patients of Reproductive Age. (Cardozo et al), 2019;64:8–14

Spontaneous Pregnancy Fathered by a Chinese Man with Non-Mosaic Klinefelter Syndrome: A Case Report. (Ou et al), 2019;64:389–392

Fertility preservation

Options for Assisted Reproduction in Young Women with Uterine Cancer: A Cost-Effectiveness Analysis. (Shah et al), 2019;64:104–110

Role of Demographics and Diagnosis on Fertility Preservation Decision-Making Among Female Cancer Patients of Reproductive Age. (Cardozo et al), 2019;64:8–14

Fetal death

Circulating Levels of Brain-Derived Neurotrophic Factor at the Start of an IVF Cycle and Association with Subsequent Pregnancy Loss Differ Between Black and White Women. (Elder et al), 2019;64:335–338

Fetal hepatic tumor

Elevated Maternal Shock Index Associated with

Nonimmune Hydrops Fetalis, Fetal Hepatic Hemangioendothelioma, and Kasabach-Merritt Syndrome: A Case Report. (Blitz and Rochelson), 2019;64:61–63

Fetal hydrops

Elevated Maternal Shock Index Associated with Nonimmune Hydrops Fetalis, Fetal Hepatic Hemangioendothelioma, and Kasabach-Merritt Syndrome: A Case Report. (Blitz and Rochelson), 2019;64:61–63

Flow cytometer

Elevated Natural Killer Cells in the Decidua and Peripheral Blood of Patients with Unexplained Recurrent Miscarriage. (Yang et al), 2019;64:38–44

Fluorescence in situ hybridization

Analysis of Blastomere or Blastocyst from Carriers of Pericentric Inversion of Chromosome 9 with the Use of FISH and Array Comparative Genomic Hybridization. (Zhu et al), 2019;64:206–214

Follicle-stimulating hormone

Ovarian Sensitivity Index in the First in Vitro Fertilization Cycle Is as Good as the Bologna Criteria for Predicting Poor Ovarian Response in a Subsequent Treatment Cycle. (Ko et al), 2019;64:137–141

Foreign bodies

Secondary Infertility Due to Intrauterine Osseous Foreign Body: A Case Report. (Badawy and Zhang), 2019;64:157–159

Frontal bossing

Sonographic Findings and Progression of Skeletal Manifestations in Prenatally Diagnosed Apert Syndrome: A Report of 2 Cases. (Stanley et al), 2019;64:163–165

G

G-banding

Detection of Chromosome Abnormalities in Early Spontaneous Miscarriages: A Comparison Between G-Banding Karyotyping and Chromosomal Microarray Analysis. (Song et al), 2019;64:371–374

Genetic counseling

Sonographic Findings and Progression of Skeletal Manifestations in Prenatally Diagnosed Apert Syndrome: A Report of 2 Cases. (Stanley et al), 2019;64:163–165

Genetic markers

Use of Preimplantation Genetic Diagnosis to Stop Transmission of Cardiac Rhythm Dis-

order in One Family: A Case Report. (Alley et al), 2019;64:154–156

Genetic testing

Analysis of Blastomere or Blastocyst from Carriers of Pericentric Inversion of Chromosome 9 with the Use of FISH and Array Comparative Genomic Hybridization. (Zhu et al), 2019;64:206–214

Genital malformation

Secondary Vaginal Atresia Treated by Hysteroscopy Combined with Laparoscopy: A Case Report. (Chen et al), 2019;64:313–316

Genito-pelvic pain/penetration disorder

Efficacy of in Vitro Fertilization in Treating Infertility Caused by Severe Vaginismus: A Case Series. (Wang et al), 2019;64:432–438

Genotype

The Distinctive Variation in Killer Cell Immunoglobulin-like Receptor Genotypes in Patients with Unexplained Recurrent Spontaneous Abortions. (Li et al), 2019;64:353–358

Germ cell tumors

Ovarian Dysgerminoma in a Karyotypically Normal Female with Premature Ovarian Insufficiency: A Case Report. (Wilson et al), 2019;64:383–385

Gestational diabetes

Antenatal Corticosteroids Increase the Risk of Hyperglycemia in Nonobese and Obese Nondiabetic Women. (Lynch et al), 2019;64:178–182

Gestational hypertension

Pregnancies Utilizing Donated Oocytes Pose Potential Risks to Recipients and Neonates. (Barnard et al), 2019;64:131–136

Gestational thrombocytopenia

Termination of Second Trimester Pregnancy Affected by Thrombocytopenia. (Ou and Liu), 2019;64:291–293

Gestational trophoblastic disease

Outcomes of Suction Curettage Versus Hysterectomy for the Treatment of Hydatidiform Mole Among Women Aged 40 Years or Older. (Lertkachonsuk et al), 2019;64:188–192

Giemsa banding

Detection of Chromosome Abnormalities in Early Spontaneous Miscarriages: A Comparison Between G-Banding Karyotyping and Chromosomal Microarray Analysis. (Song et al), 2019;64:371–374

Gonadotropins

Ovarian Sensitivity Index in the First in Vitro

Fertilization Cycle Is as Good as the Bologna Criteria for Predicting Poor Ovarian Response in a Subsequent Treatment Cycle. (Ko et al), 2019;64:137–141

Granulomatosis with polyangiitis

Acute Exacerbation of Subglottic Stenosis in Pregnancy: A Case Report. (Grossman et al), 2019;64:303–306

Group B streptococcal infection

Universal Screening for Group B Streptococcus Versus Universal Treatment in Pregnant Women in Appalachia: Unintended Cost Shifting Consequences. (Kowal et al), 2019;64:183–187

Gynecologic surgery

Clinical Outcomes of Robotic Versus Open Myomectomy Performed by One Surgeon: A Total of 350 Patients. (Eisman et al), 2019;64:111–114

Endometriosis: A Review on New Advances in Clinical Diagnosis and Management. (Alshehly), 2019;64:270–274

Safety of Panniculectomy During Cesarean Section: A Prospective, Non-Randomized Study. (Petrikovsky et al), 2019;64:197–200

H

Health care/methods

Time-to-Appointment for a New Well-Woman Examination: A National Sampling Using Mystery Shopper Methodology. (Miller and Rayburn), 2019;64:115–118

Health education

Fertility Awareness Counseling: Reproductive Healthcare Provider Practices and Unmet Patient Needs. (Kudesia et al), 2019;64:221–228

Health personnel

Workplace Violence in Obstetrics and Gynecology: Results of a National Survey. (Hostage et al), 2019;64:95–103

Health workforce

Analysis of the Trend in the Cost of Professional Liability Insurance and Obstetricians and Gynecologists Workforce in the United States from 2005 to 2015. (Kim et al), 2019;64:256–260

Hematometra

Uterine Scar Rupture in the Setting of Hematometra with Cervical Stenosis: A Case Report. (Thomas et al), 2019;64:439–442

Hemorrhage

Traumatic Subdural Hemorrhage in One Fetus of a Twin Pregnancy: A Case Report. (Alhousseini et al), 2019;64:237–240

Hepatitis B

Hepatocellular Carcinoma During Pregnancy: A Case Report. (Yau et al), 2019;64:67–70

Hepatocellular cancer

Hepatocellular Carcinoma During Pregnancy: A Case Report. (Yau et al), 2019;64:67–70

Heritability

Mechanisms of Twinning: XI. Do Mothers of Twins Have Higher IQs? The IGF Connection. (Steinman), 2019;64:147–150

Heroin dependence

Pregnancy Outcomes of Women Supervised Under Professional Methadone Programs. (Holloman et al), 2019;64:142–146

Herpes simplex virus

Microbial Infections in Saudi Women During Pregnancy, Parturition, and Puerperium: An Experience from Published Literature (1976–2018). (Areeshi et al), 2019;64:410–418

Hirsutism

Testosterone-Producing Ovarian Tumor: A Case Report. (Patel et al), 2019;64:307–309

HIV infections

Microbial Infections in Saudi Women During Pregnancy, Parturition, and Puerperium: An Experience from Published Literature (1976–2018). (Areeshi et al), 2019;64:410–418

Homosexuality

Fertility Awareness Counseling: Reproductive Healthcare Provider Practices and Unmet Patient Needs. (Kudesia et al), 2019;64:221–228

HPV/Human papillomavirus

Observation of a Robust Immune Inflammatory Response Following Frictional Fabric Cervical Biopsy and Endocervical Curettage During Colposcopy. (Sitelman et al), 2019;64:261–264

Human rights

Professionally Responsible Referral for Assisted Reproduction. (Chervenak et al), 2019;64:87–89

Hydatidiform mole

A Comparison of Surgical Treatments of Early Pregnancy Loss Due to Undiagnosed Complete or Partial Mole: Office Manual Vacuum Aspiration Is a Safe Option. (Mowers et al), 2019;64:45–50

Outcomes of Suction Curettage Versus Hysterectomy for the Treatment of Hydatidiform Mole Among Women Aged 40 Years or Older. (Lertkachonsuk et al), 2019;64:188–192

Placental Mesenchymal Dysplasia: Key Clinical and Pathology Features to Aid in Differentia-

tion from Molar Pregnancy: A Case Report. (Kisby et al), 2019;64:229–232

Hydrosalpinx

Effect of Salpingectomy for Hydrosalpinx or Tubal Pregnancy on the Ovarian Reserve as Measured by Serum anti-Müllerian Hormone Levels. (Murase et al), 2019;64:90–94

Risk Factors for Cornual Heterotopic Pregnancy After in Vitro Fertilization and Frozen-Thawed Embryo Transfer. (Xiao et al), 2019;64:419–424

Hyperandrogenism

Testosterone-Producing Ovarian Tumor: A Case Report. (Patel et al), 2019;64:307–309

Hypercalcemia

Primary Hyperparathyroidism Mimicking Preeclampsia in Pregnancy: A Case Report. (Martimucci et al), 2019;64:166–168

Hyperglycemia

Antenatal Corticosteroids Increase the Risk of Hyperglycemia in Nonobese and Obese Nondiabetic Women. (Lynch et al), 2019;64:178–182

Hyperparathyroidism

Primary Hyperparathyroidism Mimicking Preeclampsia in Pregnancy: A Case Report. (Martimucci et al), 2019;64:166–168

Hypertension

Pregnancies Utilizing Donated Oocytes Pose Potential Risks to Recipients and Neonates. (Barnard et al), 2019;64:131–136

Schwannoma in Pregnancy Associated with Severe Preeclampsia and Maternal Mortality: A Case Report. (Colihan et al), 2019;64:160–162

Hypoplastic kidneys

Renal Coloboma Syndrome in Pregnancy: A Case Report. (Boone and Rimawi), 2019;64:379–382

Hypoxia

Schwannoma in Pregnancy Associated with Severe Preeclampsia and Maternal Mortality: A Case Report. (Colihan et al), 2019;64:160–162

Hysterectomy

Interval Hysterectomy Management Option for Placenta Percreta to Reduce Maternal Morbidity. (Ossin et al), 2019;64:28–32

Outcomes of Suction Curettage Versus Hysterectomy for the Treatment of Hydatidiform Mole Among Women Aged 40 Years or Older. (Lertkachonsuk et al), 2019;64:188–192

Hysterosalpingography

Congenital Absence of the Fimbria with Deformity of the Ampullae of the Fallopian Tube: A Case Report. (Detrick et al), 2019;64:64–66

Hysteroscopy

Impact of Hysteroscopic Polypectomy on Pregnancy Outcomes of in Vitro Fertilization. (Lui et al), 2019;64:201–205

Secondary Vaginal Atresia Treated by Hysteroscopy Combined with Laparoscopy: A Case Report. (Chen et al), 2019;64:313–316

I

Immune inflammatory response

Observation of a Robust Immune Inflammatory Response Following Frictional Fabric Cervical Biopsy and Endocervical Curettage During Colposcopy. (Sitelman et al), 2019;64:261–264

In vitro fertilization

Acupuncture Has No Significantly Positive Effect on in Vitro Fertilization: A Review of Systematic Reviews. (Peng et al), 2019;64:51–60

Circulating Levels of Brain-Derived Neurotrophic Factor at the Start of an IVF Cycle and Association with Subsequent Pregnancy Loss Differ Between Black and White Women. (Elder et al), 2019;64:335–338

Different Baseline Levels of Angiogenesis Related Cytokines in Serum of PCOS Patients With and Without Ovarian Hyperstimulation Syndrome Undergoing in Vitro Fertilization. (Hou et al), 2019;64:425–431

Efficacy of in Vitro Fertilization in Treating Infertility Caused by Severe Vaginismus: A Case Series. (Wang et al), 2019;64:432–438

The Fate of Supernumerary Cryopreserved Embryos: Insights into Patients' Decisions. (Luong et al), 2019;64:326–334

Impact of Hysteroscopic Polypectomy on Pregnancy Outcomes of in Vitro Fertilization. (Lui et al), 2019;64:201–205

Mild Hyperbaric Oxygen Improves the Outcome of Infertility Treatment. (Yoshikawa et al), 2019;64:339–345

Ovarian Dysgerminoma in a Karyotypically Normal Female with Premature Ovarian Insufficiency: A Case Report. (Wilson et al), 2019;64:383–385

Ovarian Sensitivity Index in the First in Vitro Fertilization Cycle Is as Good as the Bologna Criteria for Predicting Poor Ovarian Response in a Subsequent Treatment Cycle. (Ko et al), 2019;64:137–141

Pregnancies Utilizing Donated Oocytes Pose Potential Risks to Recipients and Neonates. (Barnard et al), 2019;64:131–136

Risk Factors for Cornual Heterotopic Pregnancy After in Vitro Fertilization and Frozen-Thawed Embryo Transfer. (Xiao et al), 2019;64:419–424

Use of Preimplantation Genetic Diagnosis to Stop Transmission of Cardiac Rhythm Disorder in One Family: A Case Report. (Alley et al), 2019;64:154–156

Infectious disease transmission, vertical

Universal Screening for Group B Streptococcus Versus Universal Treatment in Pregnant Women in Appalachia: Unintended Cost Shifting Consequences. (Kowal et al), 2019;64:183–187

Infertility

Clinical Outcomes of Robotic Versus Open Myomectomy Performed by One Surgeon: A Total of 350 Patients. (Eisman et al), 2019;64:111–114

Congenital Absence of the Fimbria with Deformity of the Ampullae of the Fallopian Tube: A Case Report. (Detrick et al), 2019;64:64–66

Congenital Anomalies of the Kidney and Urinary Tract in Patients with Septate Uteri. (Broughton et al), 2019;64:119–124

Different Baseline Levels of Angiogenesis Related Cytokines in Serum of PCOS Patients With and Without Ovarian Hyperstimulation Syndrome Undergoing in Vitro Fertilization. (Hou et al), 2019;64:425–431

Fertility Awareness Counseling: Reproductive Healthcare Provider Practices and Unmet Patient Needs. (Kudesia et al), 2019;64:221–228

Fertility Desire in Chinese Kidney Transplant Recipients: A Mixed Method Study. (Yang et al), 2019;64:401–409

Impact of Hysteroscopic Polypectomy on Pregnancy Outcomes of in Vitro Fertilization. (Lui et al), 2019;64:201–205

Mild Hyperbaric Oxygen Improves the Outcome of Infertility Treatment. (Yoshikawa et al), 2019;64:339–345

Options for Assisted Reproduction in Young Women with Uterine Cancer: A Cost-Effectiveness Analysis. (Shah et al), 2019;64:104–110

Ovarian Dysgerminoma in a Karyotypically Normal Female with Premature Ovarian Insufficiency: A Case Report. (Wilson et al), 2019;64:383–385

Professionally Responsible Referral for Assisted Reproduction. (Chervenak et al), 2019;64:87–89

Recurrent Endometrioma in Infertile Patients Has Worse Outcome than Primary Endome-

trioma in Response to Controlled Ovarian Hyperstimulation and Intrauterine Insemination. (Huseyin et al), 2019;64:282–290

Secondary Infertility Due to Intrauterine Osseous Foreign Body: A Case Report. (Badawy and Zhang), 2019;64:157–159

Testosterone-Producing Ovarian Tumor: A Case Report. (Patel et al), 2019;64:307–309

Three-Dimensional Saline Contrast Sonohysterography in Detecting Uterine Anomalies and Pathologies Among Subfertile Women and Women with Abnormal Uterine Bleeding. (Khan et al), 2019;64:364–370

Insulin-like growth factor

Mechanisms of Twinning: XI. Do Mothers of Twins Have Higher IQs? The IGF Connection. (Steinman), 2019;64:147–150

Insurance, liability

Analysis of the Trend in the Cost of Professional Liability Insurance and Obstetricians and Gynecologists Workforce in the United States from 2005 to 2015. (Kim et al), 2019;64:256–260

Intelligence quotient

Mechanisms of Twinning: XI. Do Mothers of Twins Have Higher IQs? The IGF Connection. (Steinman), 2019;64:147–150

Internship and residency

A Curriculum for the Fourth Year of Medical School: A Survey of Obstetrics and Gynecology Educators. (Forstein et al), 2019;64:247–255

Fetal Ultrasound Interpretation Using a Flipped Learning Approach During an Introductory Obstetrics Clerkship. (Rayburn et al), 2019;64:151–153

Intraabdominal abscess

Uterine Scar Rupture in the Setting of Hematometra with Cervical Stenosis: A Case Report. (Thomas et al), 2019;64:439–442

Intracardiac injection

Midtrimester Termination of Pregnancy Complicated by Complete Placenta Previa: A Report of 2 Cases. (Chen et al), 2019;64:443–446

Intracytoplasmic sperm injection

Comparison of Intracytoplasmic Sperm Injection and Preselected Intracytoplasmic Sperm Injection by Time-Lapse Monitoring. (Hlaváčová et al), 2019;64:125–130

Spontaneous Pregnancy Fathered by a Chinese Man with Non-Mosaic Klinefelter Syndrome: A Case Report. (Ou et al), 2019;64:389–392

Intramuscular injections

Vaginal Versus Intramuscular Progestogen for

Prevention of Recurrent Spontaneous Preterm Birth: A Pragmatic Study in a High-Risk Patient Population. (Glenn et al), 2019;64:395–400

Intrauterine fetal bones

Secondary Infertility Due to Intrauterine Osseous Foreign Body: A Case Report. (Badawy and Zhang), 2019;64:157–159

Intrauterine insemination

Recurrent Endometrioma in Infertile Patients Has Worse Outcome than Primary Endometrioma in Response to Controlled Ovarian Hyperstimulation and Intrauterine Insemination. (Huseyin et al), 2019;64:282–290

Intravaginal insemination

Efficacy of in Vitro Fertilization in Treating Infertility Caused by Severe Vaginismus: A Case Series. (Wang et al), 2019;64:432–438

Intubation, intratracheal

Acute Exacerbation of Subglottic Stenosis in Pregnancy: A Case Report. (Grossman et al), 2019;64:303–306

Inv(9)

Analysis of Blastomere or Blastocyst from Carriers of Pericentric Inversion of Chromosome 9 with the Use of FISH and Array Comparative Genomic Hybridization. (Zhu et al), 2019;64:206–214

Iron metabolism

Association Between Serum Ferritin Concentrations and Menstrual Irregularities in Nondiabetic Korean Women: A Cross-Sectional Study. (Park et al), 2019;64:294–302

Isoforms

Perturbations in Progesterone Receptor Isoforms in Endometriosis. (Abdul Karim et al), 2019;64:275–281

K

Karyotyping

Detection of Chromosome Abnormalities in Early Spontaneous Miscarriages: A Comparison Between G-Banding Karyotyping and Chromosomal Microarray Analysis. (Song et al), 2019;64:371–374

Kasabach-Merritt syndrome

Elevated Maternal Shock Index Associated with Nonimmune Hydrops Fetalis, Fetal Hepatic Hemangioendothelioma, and Kasabach-Merritt Syndrome: A Case Report. (Blitz and Rochelson), 2019;64:61–63

Kidney

Congenital Anomalies of the Kidney and

Urinary Tract in Patients with Septate Uteri. (Broughton et al), 2019;64:119–124

Fertility Desire in Chinese Kidney Transplant Recipients: A Mixed Method Study. (Yang et al), 2019;64:401–409

Myoadenylate Deaminase Deficiency and Rhabdomyolysis in Pregnancy: A Case Report. (Kuhn et al), 2019;64:83–84

Renal Coloboma Syndrome in Pregnancy: A Case Report. (Boone and Rimawi), 2019;64:379–382

Kidney transplantation

Fertility Desire in Chinese Kidney Transplant Recipients: A Mixed Method Study. (Yang et al), 2019;64:401–409

Killer cell immunoglobulin-like receptor (KIR)

The Distinctive Variation in Killer Cell Immunoglobulin-like Receptor Genotypes in Patients with Unexplained Recurrent Spontaneous Abortions. (Li et al), 2019;64:353–358

Klinefelter syndrome

Spontaneous Pregnancy Fathered by a Chinese Man with Non-Mosaic Klinefelter Syndrome: A Case Report. (Ou et al), 2019;64:389–392

L

Lactation

Coexistent Marfan Syndrome, Seronegative Spondyloarthritis, and Pregnancy- and Lactation-Associated Osteoporosis: A Case Report. (Navarro et al), 2019;64:386–388

Laparoscopy

Congenital Absence of the Fimbria with Deformity of the Ampullae of the Fallopian Tube: A Case Report. (Detrick et al), 2019;64:64–66

Laryngostenosis

Acute Exacerbation of Subglottic Stenosis in Pregnancy: A Case Report. (Grossman et al), 2019;64:303–306

LEEP

Uterine Scar Rupture in the Setting of Hematometra with Cervical Stenosis: A Case Report. (Thomas et al), 2019;64:439–442

Leiomyoma

Clinical Outcomes of Robotic Versus Open Myomectomy Performed by One Surgeon: A Total of 350 Patients. (Eisman et al), 2019;64:111–114

Letrozole

Changes in Ovarian Function Induced by Letrozole in an Endometriosis Rat Model. (Li et al), 2019;64:21–27

Liability, legal

Professionally Responsible Referral for Assisted Reproduction. (Chervenak et al), 2019;64:87–89

Long QT syndrome

Use of Preimplantation Genetic Diagnosis to Stop Transmission of Cardiac Rhythm Disorder in One Family: A Case Report. (Alley et al), 2019;64:154–156

Loop electrical excision procedure

Uterine Scar Rupture in the Setting of Hematometra with Cervical Stenosis: A Case Report. (Thomas et al), 2019;64:439–442

Loop excision

Observation of a Robust Immune Inflammatory Response Following Frictional Fabric Cervical Biopsy and Endocervical Curettage During Colposcopy. (Sitelman et al), 2019;64:261–264

Low birth weight

Pregnancies Utilizing Donated Oocytes Pose Potential Risks to Recipients and Neonates. (Barnard et al), 2019;64:131–136

M**Male infertility**

Spontaneous Pregnancy Fathered by a Chinese Man with Non-Mosaic Klinefelter Syndrome: A Case Report. (Ou et al), 2019;64:389–392

Malpractice

Analysis of the Trend in the Cost of Professional Liability Insurance and Obstetricians and Gynecologists Workforce in the United States from 2005 to 2015. (Kim et al), 2019;64:256–260

Manual extraction

Do Prophylactic Antibiotics After Manual Exploration of the Uterus Decrease the Incidence of Postpartum Endometritis? (Hudson et al), 2019;64:3–7

Manual vacuum aspiration

A Comparison of Surgical Treatments of Early Pregnancy Loss Due to Undiagnosed Complete or Partial Mole: Office Manual Vacuum Aspiration Is a Safe Option. (Mowers et al), 2019;64:45–50

Marfan syndrome

Coexistent Marfan Syndrome, Seronegative Spondyloarthropathy, and Pregnancy- and Lactation-Associated Osteoporosis: A Case Report. (Navarro et al), 2019;64:386–388

Marie-Strumpell spondylitis

Coexistent Marfan Syndrome, Seronegative Spondyloarthropathy, and Pregnancy- and

Lactation-Associated Osteoporosis: A Case Report. (Navarro et al), 2019;64:386–388

Maternal anemia

Elevated Maternal Shock Index Associated with Nonimmune Hydrops Fetalis, Fetal Hepatic Hemangioendothelioma, and Kasabach-Merritt Syndrome: A Case Report. (Blitz and Rochelson), 2019;64:61–63

Maternal mortality

Interval Hysterectomy Management Option for Placenta Percreta to Reduce Maternal Morbidity. (Ossin et al), 2019;64:28–32

Treatment of Septic Shock in the Second Trimester with Dilatation and Evacuation: A Report of 3 Cases. (Mourad et al), 2019;64:375–378

Mayer-Rokitansky-Küster-Hauser syndrome

Rare Coexistence of Mayer-Rokitansky-Küster-Hauser Syndrome and Ovarian Tumor of Low Malignant Potential in a Young Woman: A Case Report. (Hao and Yang), 2019;64:310–312

Medicaid

Time-to-Appointment for a New Well-Woman Examination: A National Sampling Using Mystery Shopper Methodology. (Rayburn), 2019;64:115–118

Medical education

A Curriculum for the Fourth Year of Medical School: A Survey of Obstetrics and Gynecology Educators. (Forstein et al), 2019;64:247–255

Fertility Awareness Counseling: Reproductive Healthcare Provider Practices and Unmet Patient Needs. (Kudesia et al), 2019;64:221–228

Fetal Ultrasound Interpretation Using a Flipped Learning Approach During an Introductory Obstetrics Clerkship. (Rayburn et al), 2019;64:151–153

Medical liability

Analysis of the Trend in the Cost of Professional Liability Insurance and Obstetricians and Gynecologists Workforce in the United States from 2005 to 2015. (Kim et al), 2019;64:256–260

Medical students

A Curriculum for the Fourth Year of Medical School: A Survey of Obstetrics and Gynecology Educators. (Forstein et al), 2019;64:247–255

Fetal Ultrasound Interpretation Using a Flipped Learning Approach During an Introductory Obstetrics Clerkship. (Rayburn et al), 2019;64:151–153

Medicare

Time-to-Appointment for a New Well-Woman Examination: A National Sampling Using

Mystery Shopper Methodology. (Rayburn), 2019;64:115–118

Membrane thickness

Ultrasound Measurement of Twin Dividing Membrane Thickness and Risk of Spontaneous Preterm Birth. (Bracero et al), 2019;64:265–269

Menopause, premature

Primary Ovarian Insufficiency: Investigating Women's Views and Lived Experiences. (Vemuri et al), 2019;64:171–177

Menstrual cycle

Association Between Serum Ferritin Concentrations and Menstrual Irregularities in Nondiabetic Korean Women: A Cross-Sectional Study. (Park et al), 2019;64:294–302

Mental health

Primary Ovarian Insufficiency: Investigating Women's Views and Lived Experiences. (Vemuri et al), 2019;64:171–177

Relationship Between Endometriosis Pain and Anxiety or Depression: A Preliminary Study. (Zhang), 2019;64:215–220

Metabolism

Mild Hyperbaric Oxygen Improves the Outcome of Infertility Treatment. (Yoshikawa et al), 2019;64:339–345

Metastasis

Long Bone Chondrosarcoma with Metastasis to the Ovary: A Case Report. (May et al), 2019;64:233–236

Methadone

Pregnancy Outcomes of Women Supervised Under Professional Methadone Programs. (Holloman et al), 2019;64:142–146

Microbial infection

Microbial Infections in Saudi Women During Pregnancy, Parturition, and Puerperium: An Experience from Published Literature (1976–2018). (Areeshi et al), 2019;64:410–418

Microphthalmia

Renal Coloboma Syndrome in Pregnancy: A Case Report. (Boone and Rimawi), 2019;64:379–382

MicroRNAs

miR-208a Induced Invasion and Migration of Human Trophoblast Cells Via Targeting CXCR4/PI3K/AKT Signaling Pathway in Pre-eclampsia. (Li et al), 2019;64:346–352

Midtrimester termination

Midtrimester Termination of Pregnancy Complicated by Complete Placenta Previa: A Report of 2 Cases. (Chen et al), 2019;64:443–446

Mirror syndrome

Elevated Maternal Shock Index Associated with Nonimmune Hydrops Fetalis, Fetal Hepatic Hemangioendothelioma, and Kasabach-Merritt Syndrome: A Case Report. (Blitz and Rochelson), 2019;64:61–63

Miscarriage

Detection of Chromosome Abnormalities in Early Spontaneous Miscarriages: A Comparison Between G-Banding Karyotyping and Chromosomal Microarray Analysis. (Song et al), 2019;64:371–374

Molar pregnancy

A Comparison of Surgical Treatments of Early Pregnancy Loss Due to Undiagnosed Complete or Partial Mole: Office Manual Vacuum Aspiration Is a Safe Option. (Mowers et al), 2019;64:45–50

Outcomes of Suction Curettage Versus Hysterectomy for the Treatment of Hydatidiform Mole Among Women Aged 40 Years or Older. (Lertkhachonsuk et al), 2019;64:188–192

Placental Mesenchymal Dysplasia: Key Clinical and Pathology Features to Aid in Differentiation from Molar Pregnancy: A Case Report. (Kisby et al), 2019;64:229–232

Molecular karyotyping

Detection of Chromosome Abnormalities in Early Spontaneous Miscarriages: A Comparison Between G-Banding Karyotyping and Chromosomal Microarray Analysis. (Song et al), 2019;64:371–374

Müllerian agenesis

Rare Coexistence of Mayer-Rokitansky-Küster-Hauser Syndrome and Ovarian Tumor of Low Malignant Potential in a Young Woman: A Case Report. (Hao and Yang), 2019;64:310–312

MUSK protein, human

Pregnancy with Anti-MuSK-Positive Myasthenia Gravis That Was Diagnosed During Pregnancy: A Case Report. (Masuyama et al), 2019;64:71–73

Mutation/genetics

Sonographic Findings and Progression of Skeletal Manifestations in Prenatally Diagnosed Apert Syndrome: A Report of 2 Cases. (Stanley et al), 2019;64:163–165

Myasthenia gravis

Pregnancy with Anti-MuSK-Positive Myasthenia Gravis That Was Diagnosed During Pregnancy: A Case Report. (Masuyama et al), 2019;64:71–73

Myoma

Clinical Outcomes of Robotic Versus Open Myomectomy Performed by One Surgeon: A Total of 350 Patients. (Eisman et al), 2019;64:111–114

N**Narcotics**

Pregnancy Outcomes of Women Supervised Under Professional Methadone Programs. (Holloman et al), 2019;64:142–146

National Health and Nutrition Examination Survey

Association Between Serum Ferritin Concentrations and Menstrual Irregularities in Nondiabetic Korean Women: A Cross-Sectional Study. (Park et al), 2019;64:294–302

Natural killer cells

The Distinctive Variation in Killer Cell Immunoglobulin-like Receptor Genotypes in Patients with Unexplained Recurrent Spontaneous Abortions. (Li et al), 2019;64:353–358

Elevated Natural Killer Cells in the Decidua and Peripheral Blood of Patients with Unexplained Recurrent Miscarriage. (Yang et al), 2019;64:38–44

Neonatal hypoglycemia

Antenatal Corticosteroids Increase the Risk of Hypoglycemia in Nonobese and Obese Nondiabetic Women. (Lynch et al), 2019;64:178–182

Neoplasms

Role of Demographics and Diagnosis on Fertility Preservation Decision-Making Among Female Cancer Patients of Reproductive Age. (Cardozo et al), 2019;64:8–14

No-fault insurance

Analysis of the Trend in the Cost of Professional Liability Insurance and Obstetricians and Gynecologists Workforce in the United States from 2005 to 2015. (Kim et al), 2019;64:256–260

Non-mosaic Klinefelter syndrome

Spontaneous Pregnancy Fathered by a Chinese Man with Non-Mosaic Klinefelter Syndrome: A Case Report. (Ou et al), 2019;64:389–392

O**Obesity**

Antenatal Corticosteroids Increase the Risk of Hypoglycemia in Nonobese and Obese Nondiabetic Women. (Lynch et al), 2019;64:178–182

Options for Assisted Reproduction in Young Women with Uterine Cancer: A Cost-

Effectiveness Analysis. (Shah et al), 2019;64:104–110

Safety of Panniculectomy During Cesarean Section: A Prospective, Non-Randomized Study. (Petrikovsky et al), 2019;64:197–200

Obstetric labor and delivery

Acute Exacerbation of Subglottic Stenosis in Pregnancy: A Case Report. (Grossman et al), 2019;64:303–306

Do Prophylactic Antibiotics After Manual Exploration of the Uterus Decrease the Incidence of Postpartum Endometritis? (Hudson et al), 2019;64:3–7

Treatment of Septic Shock in the Second Trimester with Dilatation and Evacuation: A Report of 3 Cases. (Mourad et al), 2019;64:375–378

Vaginal Versus Intramuscular Progesterone for Prevention of Recurrent Spontaneous Preterm Birth: A Pragmatic Study in a High-Risk Patient Population. (Glenn et al), 2019;64:395–400

Obstetricians

Professionally Responsible Referral for Assisted Reproduction. (Chervenak et al), 2019;64:87–89

Time-to-Appointment for a New Well-Woman Examination: A National Sampling Using Mystery Shopper Methodology. (Rayburn), 2019;64:115–118

Obstetrics

Analysis of the Trend in the Cost of Professional Liability Insurance and Obstetricians and Gynecologists Workforce in the United States from 2005 to 2015. (Kim et al), 2019;64:256–260

A Curriculum for the Fourth Year of Medical School: A Survey of Obstetrics and Gynecology Educators. (Forstein et al), 2019;64:247–255

Fertility Awareness Counseling: Reproductive Healthcare Provider Practices and Unmet Patient Needs. (Kudesia et al), 2019;64:221–228

Workplace Violence in Obstetrics and Gynecology: Results of a National Survey. (Hostage et al), 2019;64:95–103

Occupational health

Workplace Violence in Obstetrics and Gynecology: Results of a National Survey. (Hostage et al), 2019;64:95–103

OHSS

Different Baseline Levels of Angiogenesis Related Cytokines in Serum of PCOS Patients With and Without Ovarian Hyperstimulation Syndrome Undergoing in Vitro Fertilization. (Hou et al), 2019;64:425–431

Oncofertility

Options for Assisted Reproduction in Young Women with Uterine Cancer: A Cost-Effectiveness Analysis. (Shah et al), 2019;64:104–110

Oocyte collection

Role of Demographics and Diagnosis on Fertility Preservation Decision-Making Among Female Cancer Patients of Reproductive Age. (Cardozo et al), 2019;64:8–14

Oocyte donation

Pregnancies Utilizing Donated Oocytes Pose Potential Risks to Recipients and Neonates. (Barnard et al), 2019;64:131–136

Oocyte retrieval

Ovarian Sensitivity Index in the First in Vitro Fertilization Cycle Is as Good as the Bologna Criteria for Predicting Poor Ovarian Response in a Subsequent Treatment Cycle. (Ko et al), 2019;64:137–141

Role of Demographics and Diagnosis on Fertility Preservation Decision-Making Among Female Cancer Patients of Reproductive Age. (Cardozo et al), 2019;64:8–14

Oocytes

Fertility Awareness Counseling: Reproductive Healthcare Provider Practices and Unmet Patient Needs. (Kudesia et al), 2019;64:221–228

Oophoropexy

Role of Demographics and Diagnosis on Fertility Preservation Decision-Making Among Female Cancer Patients of Reproductive Age. (Cardozo et al), 2019;64:8–14

Opioid-related disorders

Pregnancy Outcomes of Women Supervised Under Professional Methadone Programs. (Holloman et al), 2019;64:142–146

Optic malformation

Renal Coloboma Syndrome in Pregnancy: A Case Report. (Boone and Rimawi), 2019;64:379–382

Oral contraceptives

Immediate Initiation of Oral Contraceptive Pills After Surgical Abortion: A Randomized Controlled Trial. (Prager et al), 2019;64:15–20

Osteoporosis

Coexistent Marfan Syndrome, Seronegative Spondyloarthropathy, and Pregnancy- and Lactation-Associated Osteoporosis: A Case Report. (Navarro et al), 2019;64:386–388

Ovarian function

Changes in Ovarian Function Induced by Letro-

zole in an Endometriosis Rat Model. (Li et al), 2019;64:21–27

Ovarian hyperstimulation syndrome

Different Baseline Levels of Angiogenesis Related Cytokines in Serum of PCOS Patients With and Without Ovarian Hyperstimulation Syndrome Undergoing in Vitro Fertilization. (Hou et al), 2019;64:425–431

Ovarian neoplasm

Ovarian Dysgerminoma in a Karyotypically Normal Female with Premature Ovarian Insufficiency: A Case Report. (Wilson et al), 2019;64:383–385

Ovarian reserve

Effect of Salpingectomy for Hydrosalpinx or Tubal Pregnancy on the Ovarian Reserve as Measured by Serum anti-Müllerian Hormone Levels. (Murase et al), 2019;64:90–94

Role of Demographics and Diagnosis on Fertility Preservation Decision-Making Among Female Cancer Patients of Reproductive Age. (Cardozo et al), 2019;64:8–14

Ovarian sensitivity index

Ovarian Sensitivity Index in the First in Vitro Fertilization Cycle Is as Good as the Bologna Criteria for Predicting Poor Ovarian Response in a Subsequent Treatment Cycle. (Ko et al), 2019;64:137–141

Ovarian tumor

Adnexal Masses 5 cm in Diameter or Greater Extirpated During Cesarean Operation. (Yalcin et al), 2019;64:33–37

Rare Coexistence of Mayer-Rokitansky-Küster-Hausler Syndrome and Ovarian Tumor of Low Malignant Potential in a Young Woman: A Case Report. (Hao and Yang), 2019;64:310–312

Testosterone-Producing Ovarian Tumor: A Case Report. (Patel et al), 2019;64:307–309

Ovary

Changes in Ovarian Function Induced by Letrozole in an Endometriosis Rat Model. (Li et al), 2019;64:21–27

Long Bone Chondrosarcoma with Metastasis to the Ovary: A Case Report. (May et al), 2019;64:233–236

Ovarian Dysgerminoma in a Karyotypically Normal Female with Premature Ovarian Insufficiency: A Case Report. (Wilson et al), 2019;64:383–385

Ovarian Sensitivity Index in the First in Vitro Fertilization Cycle Is as Good as the Bologna Criteria for Predicting Poor Ovarian Response

in a Subsequent Treatment Cycle. (Ko et al), 2019;64:137–14

Rare Coexistence of Mayer-Rokitansky-Küster-Hauser Syndrome and Ovarian Tumor of Low Malignant Potential in a Young Woman: A Case Report. (Hao and Yang), 2019;64:310–312

Ovulation induction

Ovarian Sensitivity Index in the First in Vitro Fertilization Cycle Is as Good as the Bologna Criteria for Predicting Poor Ovarian Response in a Subsequent Treatment Cycle. (Ko et al), 2019;64:137–141

Recurrent Endometrioma in Infertile Patients Has Worse Outcome than Primary Endometrioma in Response to Controlled Ovarian Hyperstimulation and Intrauterine Insemination. (Huseyin et al), 2019;64:282–290

P

Pain

Efficacy of in Vitro Fertilization in Treating Infertility Caused by Severe Vaginismus: A Case Series. (Wang et al), 2019;64:432–438

Relationship Between Endometriosis Pain and Anxiety or Depression: A Preliminary Study. (Zhang), 2019;64:215–220

Panniculectomy

Safety of Panniculectomy During Cesarean Section: A Prospective, Non-Randomized Study. (Petrikovsky et al), 2019;64:197–200

Papillorenal syndrome

Renal Coloboma Syndrome in Pregnancy: A Case Report. (Boone and Rimawi), 2019;64:379–382

Parathyroid gland

Primary Hyperparathyroidism Mimicking Pre-eclampsia in Pregnancy: A Case Report. (Martimucci et al), 2019;64:166–168

Parturition

Microbial Infections in Saudi Women During Pregnancy, Parturition, and Puerperium: An Experience from Published Literature (1976–2018). (Areeshi et al), 2019;64:410–418

Paternity

Spontaneous Pregnancy Fathered by a Chinese Man with Non-Mosaic Klinefelter Syndrome: A Case Report. (Ou et al), 2019;64:389–392

Pathogenesis

Different Baseline Levels of Angiogenesis Related Cytokines in Serum of PCOS Patients With and Without Ovarian Hyperstimulation

Syndrome Undergoing in Vitro Fertilization. (Hou et al), 2019;64:425–431

Patient compliance

Immediate Initiation of Oral Contraceptive Pills After Surgical Abortion: A Randomized Controlled Trial. (Prager et al), 2019;64:15–20

Patient rights/ethics

Professionally Responsible Referral for Assisted Reproduction. (Chervenak et al), 2019;64:87–89

Patient satisfaction

Time-to-Appointment for a New Well-Woman Examination: A National Sampling Using Mystery Shopper Methodology. (Rayburn), 2019;64:115–118

PCOS

Different Baseline Levels of Angiogenesis Related Cytokines in Serum of PCOS Patients With and Without Ovarian Hyperstimulation Syndrome Undergoing in Vitro Fertilization. (Hou et al), 2019;64:425–431

Psychological Counseling Benefits Certain Polycystic Ovary Syndrome Patients? A Case Report. (Dong et al), 2019;64:74–78

Pelvic irradiation

Role of Demographics and Diagnosis on Fertility Preservation Decision-Making Among Female Cancer Patients of Reproductive Age. (Cardozo et al), 2019;64:8–14

Pelvic pain

Recurrent Endometrioma in Infertile Patients Has Worse Outcome than Primary Endometrioma in Response to Controlled Ovarian Hyperstimulation and Intrauterine Insemination. (Huseyin et al), 2019;64:282–290

Relationship Between Endometriosis Pain and Anxiety or Depression: A Preliminary Study. (Zhang), 2019;64:215–220

Pelvis

Endometriosis: A Review on New Advances in Clinical Diagnosis and Management. (Alshehly), 2019;64:270–274

Long Bone Chondrosarcoma with Metastasis to the Ovary: A Case Report. (May et al), 2019;64:233–236

Pericentric inversion

Analysis of Blastomere or Blastocyst from Carriers of Pericentric Inversion of Chromosome 9 with the Use of FISH and Array Comparative Genomic Hybridization. (Zhu et al), 2019;64:206–214

Physician-patient relations

Time-to-Appointment for a New Well-Woman

Examination: A National Sampling Using Mystery Shopper Methodology. (Rayburn), 2019;64:115–118

Placebos

Psychological Counseling Benefits Certain Polycystic Ovary Syndrome Patients? A Case Report. (Dong et al), 2019;64:74–78

Placenta

Elevated Maternal Shock Index Associated with Nonimmune Hydrops Fetalis, Fetal Hepatic Hemangioendothelioma, and Kasabach-Merritt Syndrome: A Case Report. (Blitz and Rochelson), 2019;64:61–63

Interval Hysterectomy Management Option for Placenta Percreta to Reduce Maternal Morbidity. (Ossin et al), 2019;64:28–32

Placental Mesenchymal Dysplasia: Key Clinical and Pathology Features to Aid in Differentiation from Molar Pregnancy: A Case Report. (Kisby et al), 2019;64:229–232

Placenta accreta/previa

Midtrimester Termination of Pregnancy Complicated by Complete Placenta Previa: A Report of 2 Cases. (Chen et al), 2019;64:443–446

Plastic surgery

Safety of Panniculectomy During Cesarean Section: A Prospective, Non-Randomized Study. (Petrikovsky et al), 2019;64:197–200

Platelet-rich plasma

Improvement of Clinical Pregnancy Rate of Frozen Embryo Transfer in Infertile Women with Thin Endometrium by Intrauterine Administration of Autologous Platelet-Rich Plasma During Endometrial Local Injury. (Liu et al), 2019;64:359–363

Polycystic ovary syndrome

Different Baseline Levels of Angiogenesis Related Cytokines in Serum of PCOS Patients With and Without Ovarian Hyperstimulation Syndrome Undergoing in Vitro Fertilization. (Hou et al), 2019;64:425–431

Gynecologic Care in the Adolescent Population: A Case Series in Adolescent Gynecology. (Wolgemuth and Sanfilippo), 2019;64:319–325

Psychological Counseling Benefits Certain Polycystic Ovary Syndrome Patients? A Case Report. (Dong et al), 2019;64:74–78

Testosterone-Producing Ovarian Tumor: A Case Report. (Patel et al), 2019;64:307–309

Poor ovarian response

Ovarian Sensitivity Index in the First in Vitro Fertilization Cycle Is as Good as the Bologna

Criteria for Predicting Poor Ovarian Response in a Subsequent Treatment Cycle. (Ko et al), 2019;64:137–141

Postpartum

Do Prophylactic Antibiotics After Manual Exploration of the Uterus Decrease the Incidence of Postpartum Endometritis? (Hudson et al), 2019;64:3–7

Microbial Infections in Saudi Women During Pregnancy, Parturition, and Puerperium: An Experience from Published Literature (1976–2018). (Areeshi et al), 2019;64:410–418

Treatment of Septic Shock in the Second Trimester with Dilatation and Evacuation: A Report of 3 Cases. (Mourad et al), 2019;64:375–378

Postpartum women

Microbial Infections in Saudi Women During Pregnancy, Parturition, and Puerperium: An Experience from Published Literature (1976–2018). (Areeshi et al), 2019;64:410–418

Postnatal care

Pregnancy Outcomes of Women Supervised Under Professional Methadone Programs. (Holloman et al), 2019;64:142–146

Postoperative care

Safety of Panniculectomy During Cesarean Section: A Prospective, Non-Randomized Study. (Petrikovsky et al), 2019;64:197–200

Postoperative complications

Evaluation of a Novel Skin Closure Device at the Time of Cesarean Section: A Randomized Pilot Study. (Rubino and Salamon), 2019;64:193–196

Potassium chloride

Midtrimester Termination of Pregnancy Complicated by Complete Placenta Previa: A Report of 2 Cases. (Chen et al), 2019;64:443–446

Practice management

Analysis of the Trend in the Cost of Professional Liability Insurance and Obstetricians and Gynecologists Workforce in the United States from 2005 to 2015. (Kim et al), 2019;64:256–260

Time-to-Appointment for a New Well-Woman Examination: A National Sampling Using Mystery Shopper Methodology. (Rayburn), 2019;64:115–118

Preterm birth

Ultrasound Measurement of Twin Dividing Membrane Thickness and Risk of Spontaneous Preterm Birth. (Bracero et al), 2019;64:265–269

Prednisone

Termination of Second Trimester Pregnancy Af-

ected by Thrombocytopenia. (Ou and Liu), 2019;64:291–293

Preeclampsia

miR-208a Induced Invasion and Migration of Human Trophoblast Cells Via Targeting CXCR4/PI3K/AKT Signaling Pathway in Preeclampsia. (Li et al), 2019;64:346–352

Pregnancy with Anti-MuSK-Positive Myasthenia Gravis That Was Diagnosed During Pregnancy: A Case Report. (Masuyama et al), 2019;64:71–73

Primary Hyperparathyroidism Mimicking Preeclampsia in Pregnancy: A Case Report. (Martimucci et al), 2019;64:166–168

Schwannoma in Pregnancy Associated with Severe Preeclampsia and Maternal Mortality: A Case Report. (Colihan et al), 2019;64:160–162

Pregnancy termination

Termination of Second Trimester Pregnancy Affected by Thrombocytopenia. (Ou and Liu), 2019;64:291–293

Preimplantation genetic diagnosis

Analysis of Blastomere or Blastocyst from Carriers of Pericentric Inversion of Chromosome 9 with the Use of FISH and Array Comparative Genomic Hybridization. (Zhu et al), 2019;64:206–214

Use of Preimplantation Genetic Diagnosis to Stop Transmission of Cardiac Rhythm Disorder in One Family: A Case Report. (Alley et al), 2019;64:154–156

Premature birth

Vaginal Versus Intramuscular Progesterone for Prevention of Recurrent Spontaneous Preterm Birth: A Pragmatic Study in a High-Risk Patient Population. (Glenn et al), 2019;64:395–400

Premature ovarian failure

Ovarian Dysgerminoma in a Karyotypically Normal Female with Premature Ovarian Insufficiency: A Case Report. (Wilson et al), 2019;64:383–385

Primary Ovarian Insufficiency: Investigating Women's Views and Lived Experiences. (Vemuri et al), 2019;64:171–177

Prenatal care

Pregnancy Outcomes of Women Supervised Under Professional Methadone Programs. (Holloman et al), 2019;64:142–146

Traumatic Subdural Hemorrhage in One Fetus of a Twin Pregnancy: A Case Report. (Alhousseini et al), 2019;64:237–240

Universal Screening for Group B Streptococcus Versus Universal Treatment in Pregnant Women in Appalachia: Unintended Cost Shifting Consequences. (Kowal et al), 2019;64:183–187

Prenatal ultrasonography

Placental Mesenchymal Dysplasia: Key Clinical and Pathology Features to Aid in Differentiation from Molar Pregnancy: A Case Report. (Kisby et al), 2019;64:229–232

Sonographic Findings and Progression of Skeletal Manifestations in Prenatally Diagnosed Apert Syndrome: A Report of 2 Cases. (Stanley et al), 2019;64:163–165

Prescription drugs/adverse effects

Pregnancy Outcomes of Women Supervised Under Professional Methadone Programs. (Holloman et al), 2019;64:142–146

Preterm birth

Antenatal Corticosteroids Increase the Risk of Hyperglycemia in Nonobese and Obese Nondiabetic Women. (Lynch et al), 2019;64:178–182

Pregnancies Utilizing Donated Oocytes Pose Potential Risks to Recipients and Neonates. (Barnard et al), 2019;64:131–136

Vaginal Versus Intramuscular Progesterone for Prevention of Recurrent Spontaneous Preterm Birth: A Pragmatic Study in a High-Risk Patient Population. (Glenn et al), 2019;64:395–400

Preterm labor

Vaginal Versus Intramuscular Progesterone for Prevention of Recurrent Spontaneous Preterm Birth: A Pragmatic Study in a High-Risk Patient Population. (Glenn et al), 2019;64:395–400

Preventive health care

Time-to-Appointment for a New Well-Woman Examination: A National Sampling Using Mystery Shopper Methodology. (Rayburn), 2019;64:115–118

Primary hyperparathyroidism

Primary Hyperparathyroidism Mimicking Preeclampsia in Pregnancy: A Case Report. (Martimucci et al), 2019;64:166–168

Primary ovarian insufficiency

Primary Ovarian Insufficiency: Investigating Women's Views and Lived Experiences. (Vemuri et al), 2019;64:171–177

Professional liability

Analysis of the Trend in the Cost of Professional Liability Insurance and Obstetricians and Gynecologists Workforce in the United States from 2005 to 2015. (Kim et al), 2019;64:256–260

Professionalism/ethics

Professionally Responsible Referral for Assisted Reproduction. (Chervenak et al), 2019;64:87–89

Progesterone

Perturbations in Progesterone Receptor Isoforms in Endometriosis. (Abdul Karim et al), 2019;64:275–281

Progestogens

Vaginal Versus Intramuscular Progestogen for Prevention of Recurrent Spontaneous Preterm Birth: A Pragmatic Study in a High-Risk Patient Population. (Glenn et al), 2019;64:395–400

Psychiatric status rating scales

Relationship Between Endometriosis Pain and Anxiety or Depression: A Preliminary Study. (Zhang), 2019;64:215–220

Psychological factors

Psychological Counseling Benefits Certain Polycystic Ovary Syndrome Patients? A Case Report. (Dong et al), 2019;64:74–78

Relationship Between Endometriosis Pain and Anxiety or Depression: A Preliminary Study. (Zhang), 2019;64:215–220

Puerperium

Microbial Infections in Saudi Women During Pregnancy, Parturition, and Puerperium: An Experience from Published Literature (1976–2018). (Areeshi et al), 2019;64:410–418

Q**Quality assurance**

Time-to-Appointment for a New Well-Woman Examination: A National Sampling Using Mystery Shopper Methodology. (Rayburn), 2019;64:115–118

Quality of life

Primary Ovarian Insufficiency: Investigating Women's Views and Lived Experiences. (Vemuri et al), 2019;64:171–177

Relationship Between Endometriosis Pain and Anxiety or Depression: A Preliminary Study. (Zhang), 2019;64:215–220

R**Race factors**

Circulating Levels of Brain-Derived Neurotrophic Factor at the Start of an IVF Cycle and Association with Subsequent Pregnancy Loss Differ Between Black and White Women. (Elder et al), 2019;64:335–338

Radiation protection

Role of Demographics and Diagnosis on Fertility

Preservation Decision-Making Among Female Cancer Patients of Reproductive Age. (Cardozo et al), 2019;64:8–14

Receptor protein-tyrosine kinases

Pregnancy with Anti-MuSK-Positive Myasthenia Gravis That Was Diagnosed During Pregnancy: A Case Report. (Masuyama et al), 2019;64:71–73

Receptors, cholinergic

Pregnancy with Anti-MuSK-Positive Myasthenia Gravis That Was Diagnosed During Pregnancy: A Case Report. (Masuyama et al), 2019;64:71–73

Referral

Professionally Responsible Referral for Assisted Reproduction. (Chervenak et al), 2019;64:87–89
Role of Demographics and Diagnosis on Fertility Preservation Decision-Making Among Female Cancer Patients of Reproductive Age. (Cardozo et al), 2019;64:8–14

Renal coloboma syndrome

Renal Coloboma Syndrome in Pregnancy: A Case Report. (Boone and Rimawi), 2019;64:379–382

Reproductive health services

Fertility Awareness Counseling: Reproductive Healthcare Provider Practices and Unmet Patient Needs. (Kudesia et al), 2019;64:221–228

Primary Ovarian Insufficiency: Investigating Women's Views and Lived Experiences. (Vemuri et al), 2019;64:171–177

Reproductive medicine

The Fate of Supernumerary Cryopreserved Embryos: Insights into Patients' Decisions. (Luong et al), 2019;64:326–334

Ovarian Sensitivity Index in the First in Vitro Fertilization Cycle Is as Good as the Bologna Criteria for Predicting Poor Ovarian Response in a Subsequent Treatment Cycle. (Ko et al), 2019;64:137–141

Respiratory system

Acute Exacerbation of Subglottic Stenosis in Pregnancy: A Case Report. (Grossman et al), 2019;64:303–306

Rhabdomyolysis

Myoadenylate Deaminase Deficiency and Rhabdomyolysis in Pregnancy: A Case Report. (Kuhn et al), 2019;64:83–84

Ribose

Myoadenylate Deaminase Deficiency and Rhabdomyolysis in Pregnancy: A Case Report. (Kuhn et al), 2019;64:83–84

Risk assessment

Vaginal Versus Intramuscular Progestogen for Prevention of Recurrent Spontaneous Preterm Birth: A Pragmatic Study in a High-Risk Patient Population. (Glenn et al), 2019;64:395–400

Risk factors

Risk Factors for Cornual Heterotopic Pregnancy After in Vitro Fertilization and Frozen-Thawed Embryo Transfer. (Xiao et al), 2019;64:419–424

Rituximab

Renal Coloboma Syndrome in Pregnancy: A Case Report. (Boone and Rimawi), 2019;64:379–382

RNA-binding proteins

miR-208a Induced Invasion and Migration of Human Trophoblast Cells Via Targeting CXCR4/PI3K/AKT Signaling Pathway in Preeclampsia. (Li et al), 2019;64:346–352

Robotic surgical procedures

Clinical Outcomes of Robotic Versus Open Myomectomy Performed by One Surgeon: A Total of 350 Patients. (Eisman et al), 2019;64:111–114

S**Salpingectomy**

Effect of Salpingectomy for Hydrosalpinx or Tubal Pregnancy on the Ovarian Reserve as Measured by Serum anti-Müllerian Hormone Levels. (Murase et al), 2019;64:90–94

Isolated Fallopian Tube Torsion with Recurrence: A Case Report. (Wang et al), 2019;64:79–82

Risk Factors for Cornual Heterotopic Pregnancy After in Vitro Fertilization and Frozen-Thawed Embryo Transfer. (Xiao et al), 2019;64:419–424

Saudi Arabia

Microbial Infections in Saudi Women During Pregnancy, Parturition, and Puerperium: An Experience from Published Literature (1976–2018). (Areeshi et al), 2019;64:410–418

Schwannoma

Schwannoma in Pregnancy Associated with Severe Preeclampsia and Maternal Mortality: A Case Report. (Colihan et al), 2019;64:160–162

Secondary infertility

Secondary Infertility Due to Intrauterine Osseous Foreign Body: A Case Report. (Badawy and Zhang), 2019;64:157–159

Secondary vaginal atresia

Secondary Vaginal Atresia Treated by Hysteroscopy Combined with Laparoscopy: A Case Report. (Chen et al), 2019;64:313–316

Sepsis

Treatment of Septic Shock in the Second Trimester with Dilation and Evacuation: A Report of 3 Cases. (Mourad et al), 2019;64:375–378

Universal Screening for Group B Streptococcus Versus Universal Treatment in Pregnant Women in Appalachia: Unintended Cost Shifting Consequences. (Kowal et al), 2019;64:183–187

Sex education

Fertility Awareness Counseling: Reproductive Healthcare Provider Practices and Unmet Patient Needs. (Kudesia et al), 2019;64:221–228

Sexual behavior/psychology

Efficacy of in Vitro Fertilization in Treating Infertility Caused by Severe Vaginismus: A Case Series. (Wang et al), 2019;64:432–438

Sexual dysfunction

Efficacy of in Vitro Fertilization in Treating Infertility Caused by Severe Vaginismus: A Case Series. (Wang et al), 2019;64:432–438

Sexual dysfunctions, psychological

Efficacy of in Vitro Fertilization in Treating Infertility Caused by Severe Vaginismus: A Case Series. (Wang et al), 2019;64:432–438

Shock index

Elevated Maternal Shock Index Associated with Nonimmune Hydrops Fetalis, Fetal Hepatic Hemangioendothelioma, and Kasabach-Merritt Syndrome: A Case Report. (Blitz and Rochelson), 2019;64:61–63

Signal transduction pathways

miR-208a Induced Invasion and Migration of Human Trophoblast Cells Via Targeting CXCR4/PI3K/AKT Signaling Pathway in Preeclampsia. (Li et al), 2019;64:346–352

Skin closure

Evaluation of a Novel Skin Closure Device at the Time of Cesarean Section: A Randomized Pilot Study. (Rubino and Salamon), 2019;64:193–196

Smoking

Association Between Serum Ferritin Concentrations and Menstrual Irregularities in Nondiabetic Korean Women: A Cross-Sectional Study. (Park et al), 2019;64:294–302

Specialization

A Curriculum for the Fourth Year of Medical School: A Survey of Obstetrics and Gynecology Educators. (Forstein et al), 2019;64:247–255

Sperm

Comparison of Intracytoplasmic Sperm Injection and Preselected Intracytoplasmic Sperm

Injection by Time-Lapse Monitoring. (Hlaváčová et al), 2019;64:125–130

Spontaneous Pregnancy Fathered by a Chinese Man with Non-Mosaic Klinefelter Syndrome: A Case Report. (Ou et al), 2019;64:389–392

Spine/spinal cord

Coexistent Marfan Syndrome, Seronegative Spondyloarthropathy, and Pregnancy- and Lactation-Associated Osteoporosis: A Case Report. (Navarro et al), 2019;64:386–388

Schwannoma in Pregnancy Associated with Severe Preeclampsia and Maternal Mortality: A Case Report. (Colihan et al), 2019;64:160–162

Spontaneous abortion

A Comparison of Surgical Treatments of Early Pregnancy Loss Due to Undiagnosed Complete or Partial Mole: Office Manual Vacuum Aspiration Is a Safe Option. (Mowers et al), 2019;64:45–50

Detection of Chromosome Abnormalities in Early Spontaneous Miscarriages: A Comparison Between G-Banding Karyotyping and Chromosomal Microarray Analysis. (Song et al), 2019;64:371–374

The Distinctive Variation in Killer Cell Immunoglobulin-like Receptor Genotypes in Patients with Unexplained Recurrent Spontaneous Abortions. (Li et al), 2019;64:353–358

Stem cells

miR-208a Induced Invasion and Migration of Human Trophoblast Cells Via Targeting CXCR4/PI3K/AKT Signaling Pathway in Preeclampsia. (Li et al), 2019;64:346–352

Street drugs

Pregnancy Outcomes of Women Supervised Under Professional Methadone Programs. (Holloman et al), 2019;64:142–146

Streptococcal infections

Universal Screening for Group B Streptococcus Versus Universal Treatment in Pregnant Women in Appalachia: Unintended Cost Shifting Consequences. (Kowal et al), 2019;64:183–187

Stroke

Schwannoma in Pregnancy Associated with Severe Preeclampsia and Maternal Mortality: A Case Report. (Colihan et al), 2019;64:160–162

Subdural hematoma

Traumatic Subdural Hemorrhage in One Fetus of a Twin Pregnancy: A Case Report. (Alhousseini et al), 2019;64:237–240

Subglottic stenosis

Acute Exacerbation of Subglottic Stenosis in Pregnancy: A Case Report. (Grossman et al), 2019;64:303–306

Substance abuse

Pregnancy Outcomes of Women Supervised Under Professional Methadone Programs. (Holloman et al), 2019;64:142–146

Surgery, plastic

Safety of Panniculectomy During Cesarean Section: A Prospective, Non-Randomized Study. (Petrikovsky et al), 2019;64:197–200

Surgical techniques

Evaluation of a Novel Skin Closure Device at the Time of Cesarean Section: A Randomized Pilot Study. (Rubino and Salamon), 2019;64:193–196

Syndactyly

Sonographic Findings and Progression of Skeletal Manifestations in Prenatally Diagnosed Apert Syndrome: A Report of 2 Cases. (Stanley et al), 2019;64:163–165

T

Teratoma

Adnexal Masses 5 cm in Diameter or Greater Extirpated During Cesarean Operation. (Yalcin et al), 2019;64:33–37

Testicular sperm retrieval

Spontaneous Pregnancy Fathered by a Chinese Man with Non-Mosaic Klinefelter Syndrome: A Case Report. (Ou et al), 2019;64:389–392

Testosterone

Spontaneous Pregnancy Fathered by a Chinese Man with Non-Mosaic Klinefelter Syndrome: A Case Report. (Ou et al), 2019;64:389–392

Testosterone-Producing Ovarian Tumor: A Case Report. (Patel et al), 2019;64:307–309

Thrombocytopenia

Termination of Second Trimester Pregnancy Affected by Thrombocytopenia. (Ou and Liu), 2019;64:291–293

Tocolytic agents

Vaginal Versus Intramuscular Progestogen for Prevention of Recurrent Spontaneous Preterm Birth: A Pragmatic Study in a High-Risk Patient Population. (Glenn et al), 2019;64:395–400

Torsion

Isolated Fallopian Tube Torsion with Recurrence: A Case Report. (Wang et al), 2019;64:79–82

Total abdominal hysterectomy

Uterine Scar Rupture in the Setting of Hema-

tometra with Cervical Stenosis: A Case Report. (Thomas et al), 2019;64:439–442

Toxoplasma

Microbial Infections in Saudi Women During Pregnancy, Parturition, and Puerperium: An Experience from Published Literature (1976–2018). (Areeshi et al), 2019;64:410–418

Tracheostomy

Acute Exacerbation of Subglottic Stenosis in Pregnancy: A Case Report. (Grossman et al), 2019;64:303–306

Transfection

miR-208a Induced Invasion and Migration of Human Trophoblast Cells Via Targeting CXCR4/PI3K/AKT Signaling Pathway in Pre-eclampsia. (Li et al), 2019;64:346–352

Transplant recipients

Fertility Desire in Chinese Kidney Transplant Recipients: A Mixed Method Study. (Yang et al), 2019;64:401–409

Trophoblastic neoplasms

Outcomes of Suction Curettage Versus Hysterectomy for the Treatment of Hydatidiform Mole Among Women Aged 40 Years or Older. (Lertkhachonsuk et al), 2019;64:188–192

Tubal heterotopic pregnancy

Risk Factors for Cornual Heterotopic Pregnancy After in Vitro Fertilization and Frozen-Thawed Embryo Transfer. (Xiao et al), 2019;64:419–424

Tubal interstitial occlusion

Risk Factors for Cornual Heterotopic Pregnancy After in Vitro Fertilization and Frozen-Thawed Embryo Transfer. (Xiao et al), 2019;64:419–424

Tubal pregnancy

Effect of Salpingectomy for Hydrosalpinx or Tubal Pregnancy on the Ovarian Reserve as Measured by Serum anti-Müllerian Hormone Levels. (Murase et al), 2019;64:90–94

Twin pregnancy

Mechanisms of Twinning: XI. Do Mothers of Twins Have Higher IQs? The IGF Connection. (Steinman), 2019;64:147–150

Ultrasound Measurement of Twin Dividing Membrane Thickness and Risk of Spontaneous Preterm Birth. (Bracero et al), 2019;64:265–269

U

Ultrasonography

Fetal Ultrasound Interpretation Using a Flipped Learning Approach During an Introductory Obstetrics Clerkship. (Rayburn et al), 2019;64:151–153

Isolated Fallopian Tube Torsion with Recurrence: A Case Report. (Wang et al), 2019;64:79–82

Secondary Infertility Due to Intrauterine Oseous Foreign Body: A Case Report. (Badawy and Zhang), 2019;64:157–159

Three-Dimensional Saline Contrast Sonohysterography in Detecting Uterine Anomalies and Pathologies Among Subfertile Women and Women with Abnormal Uterine Bleeding. (Khan et al), 2019;64:364–370

Ultrasound Measurement of Twin Dividing Membrane Thickness and Risk of Spontaneous Preterm Birth. (Bracero et al), 2019;64:265–269

Undetected Abdominal Pregnancy Delivered at 25+3 Weeks' Gestation: A Case Report. (Rugino et al), 2019;64:241–244

Unintended pregnancy

Immediate Initiation of Oral Contraceptive Pills After Surgical Abortion: A Randomized Controlled Trial. (Prager et al), 2019;64:15–20

Urinary malformation

Secondary Vaginal Atresia Treated by Hysteroscopy Combined with Laparoscopy: A Case Report. (Chen et al), 2019;64:313–316

Urogenital abnormalities

Congenital Anomalies of the Kidney and Urinary Tract in Patients with Septate Uteri. (Broughton et al), 2019;64:119–124

Uterine agenesis

Rare Coexistence of Mayer-Rokitansky-Küster-Hauser Syndrome and Ovarian Tumor of Low Malignant Potential in a Young Woman: A Case Report. (Hao and Yang), 2019;64:310–312

Uterine anomalies

Congenital Anomalies of the Kidney and Urinary Tract in Patients with Septate Uteri. (Broughton et al), 2019;64:119–124

Uterine artery embolization

Interval Hysterectomy Management Option for Placenta Percreta to Reduce Maternal Morbidity. (Ossin et al), 2019;64:28–32

Midtrimester Termination of Pregnancy Complicated by Complete Placenta Previa: A Report of 2 Cases. (Chen et al), 2019;64:443–446

Uterine cancer

Options for Assisted Reproduction in Young Women with Uterine Cancer: A Cost-Effectiveness Analysis. (Shah et al), 2019;64:104–110

Uterine cervical neoplasms

Observation of a Robust Immune Inflammatory

Response Following Frictional Fabric Cervical Biopsy and Endocervical Curettage During Colposcopy. (Sitelman et al), 2019;64:261–264

Uterine diseases

Congenital Anomalies of the Kidney and Urinary Tract in Patients with Septate Uteri. (Broughton et al), 2019;64:119–124

Secondary Infertility Due to Intrauterine Osseous Foreign Body: A Case Report. (Badawy and Zhang), 2019;64:157–159

Uterine myomectomy

Clinical Outcomes of Robotic Versus Open Myomectomy Performed by One Surgeon: A Total of 350 Patients. (Eisman et al), 2019;64:111–114

Uterine rupture

Uterine Scar Rupture in the Setting of Hematometra with Cervical Stenosis: A Case Report. (Thomas et al), 2019;64:439–442

Uterine scar

Interval Hysterectomy Management Option for Placenta Percreta to Reduce Maternal Morbidity. (Ossin et al), 2019;64:28–32

Uterine scar dehiscence

Uterine Scar Rupture in the Setting of Hematometra with Cervical Stenosis: A Case Report. (Thomas et al), 2019;64:439–442

Uterus

Congenital Anomalies of the Kidney and Urinary Tract in Patients with Septate Uteri. (Broughton et al), 2019;64:119–124

Secondary Infertility Due to Intrauterine Osseous Foreign Body: A Case Report. (Badawy and Zhang), 2019;64:157–159

V

Vacuum curettage

A Comparison of Surgical Treatments of Early Pregnancy Loss Due to Undiagnosed Complete or Partial Mole: Office Manual Vacuum Aspiration Is a Safe Option. (Mowers et al), 2019;64:45–50

Do Prophylactic Antibiotics After Manual Exploration of the Uterus Decrease the Incidence of Postpartum Endometritis? (Hudson et al), 2019;64:3–7

Treatment of Septic Shock in the Second Trimester with Dilation and Evacuation: A Report of 3 Cases. (Mourad et al), 2019;64:375–378

Vaginal absorption

Vaginal Versus Intramuscular Progestogen for Prevention of Recurrent Spontaneous Preterm

Birth: A Pragmatic Study in a High-Risk Patient Population. (Glenn et al), 2019;64:395–400

Vaginal agenesis

Rare Coexistence of Mayer-Rokitansky-Küster-Hauser Syndrome and Ovarian Tumor of Low Malignant Potential in a Young Woman: A Case Report. (Hao and Yang), 2019;64:310–312

Vaginal atresia

Secondary Vaginal Atresia Treated by Hysteroscopy Combined with Laparoscopy: A Case Report. (Chen et al), 2019;64:313–316

Vaginal delivery

Do Prophylactic Antibiotics After Manual Exploration of the Uterus Decrease the Incidence of Postpartum Endometritis? (Hudson et al), 2019;64:3–7

Vaginal diseases

Efficacy of in Vitro Fertilization in Treating Infertility Caused by Severe Vaginismus: A Case Series. (Wang et al), 2019;64:432–438

Secondary Vaginal Atresia Treated by Hysteroscopy Combined with Laparoscopy: A Case Report. (Chen et al), 2019;64:313–316

Vaginismus

Efficacy of in Vitro Fertilization in Treating Infertility Caused by Severe Vaginismus: A Case Series. (Wang et al), 2019;64:432–438

Vulvovaginitis

Gynecologic Care in the Adolescent Population: A Case Series in Adolescent Gynecology. (Wolgemuth and Sanfilippo), 2019;64:319–325

W

Waiting time/women's health services

Time-to-Appointment for a New Well-Woman Examination: A National Sampling Using Mystery Shopper Methodology. (Rayburn), 2019;64:115–118

Workplace violence

Workplace Violence in Obstetrics and Gynecology: Results of a National Survey. (Hostage et al), 2019;64:95–103

Wound closure

Evaluation of a Novel Skin Closure Device at the Time of Cesarean Section: A Randomized Pilot Study. (Rubino and Salamon), 2019;64:193–196

X

XXY syndrome

Spontaneous Pregnancy Fathered by a Chinese Man with Non-Mosaic Klinefelter Syndrome: A Case Report. (Ou et al), 2019;64:389–392
