A

Abdominal neoplasms

Multicystic Benign Mesothelioma Resected Robotically in a Postpartum Female: A Case Report. (Core et al), 2021;66:163–165

ABO blood-group system

Relationship Between ABO Blood Type and Diminished Ovarian Reserve in Chinese Women Aged ≤35 Years. (Li et al), 2021;66:227–231

Abnormal uterine bleeding

Abnormal Uterine Bleeding in Adolescent Korean Girls: Clinical Manifestations and Management and Counseling Strategies. (Shin et al), 2021;66:357–364

Abortion, habitual

Current Status of Anticoagulant Therapy in Unexplained Recurrent Spontaneous Abortion. (Lan et al), 2021;66:113–117

Abscess

Gigantic Left Bartholin's Cyst Mimicking Huge Vulvar Tumor: A Case Report. (Hamid et al), 2021;66:311–314

Acupuncture

Electroacupuncture Increases the Ability of Clomiphene Citrate to Improve Follicle Growth of Polycystic Ovary Syndrome. (Budihastuti et al), 2021;66:395–399

Adenomyomatous polyp

Clinicopathological Analysis of 488 Cases of Endometrial Typical Polypoid Adenomyoma. (Wang et al), 2021;66:285–292

Adenosine deaminase

Effectiveness of Omega-3 Fatty Acid in Protection from Magnetic Field Exposure During Pregnancy: An Experimental Rat Study. (Erkayiran and Arslanca), 2021;66:277–284

Adolescents

Abnormal Uterine Bleeding in Adolescent Korean Girls: Clinical Manifestations and Manage-

ment and Counseling Strategies. (Shin et al), 2021;66:357–364

Anti-infective agents

Evaluating the Efficacy of Surgical Site Infection Prevention Bundle for Cesarean Delivery: A Retrospective Cohort Study. (Callinan et al), 2021;66:245–255

Anti-Müllerian hormone

The Impact of the Ovarian Endometrioma on Baseline Serum Anti-Müllerian Hormone Level and Natural Conception Outcomes After Laparoscopic Treatment. (Yanzhen et al), 2021;66:136–142

Pregnancy Outcomes of Intrauterine Insemination in Age-Matched Young Women According to Serum Anti-Müllerian Hormone Levels. (Gungor and Gurbuz), 2021;66:195–202

Relationship Between ABO Blood Type and Diminished Ovarian Reserve in Chinese Women Aged ≤35 Years. (Li et al), 2021;66:227–231

Antibiotics

Evaluating the Efficacy of Surgical Site Infection Prevention Bundle for Cesarean Delivery: A Retrospective Cohort Study. (Callinan et al), 2021;66:245–255

Nonoperative Treatment of Acute Uncomplicated Appendicitis During Pregnancy. (Kirkil et al), 2021;66:35–39

Antibodies, antiphospholipid

Current Status of Anticoagulant Therapy in Unexplained Recurrent Spontaneous Abortion. (Lan et al), 2021;66:113–117

Anticoagulant therapy

Current Status of Anticoagulant Therapy in Unexplained Recurrent Spontaneous Abortion. (Lan et al), 2021;66:113–117

Antioxidants

Comparisons of Vitamin A and the Oxidative

Stress Biomarker Levels in Women with Gestational Diabetes Mellitus: A Cross-Sectional Study. (Guo et al), 2021;66:221–226

Effectiveness of Omega-3 Fatty Acid in Protection from Magnetic Field Exposure During Pregnancy: An Experimental Rat Study. (Erkayiran and Arslanca), 2021;66:277–284

Antiviral agents

Dexamethasone and Remdesivir for the Mitigation of COVID-19 Symptoms in Pregnant Patients. (Rivera-Alsina et al), 2021;66:321–326

Antral follicle count

Relationship Between ABO Blood Type and Diminished Ovarian Reserve in Chinese Women Aged ≤ 35 Years. (Li et al), 2021;66:227–231

Anxiety

Perceived Professional Support During Pregnancy, Childbirth, and Postpartum Among Women Reporting Severe Fear of Childbirth Postpartum. (Grundström et al), 2021;66:89–96

Appendicitis

Nonoperative Treatment of Acute Uncomplicated Appendicitis During Pregnancy. (Kirkil et al), 2021;66:35–39

Array comparative genomic hybridization (aCGH)

Prenatal Diagnosis of Waardenburg Syndrome Type I in a Chinese Family. (Ren et al), 2021;66:97–100

Arteriovenous malformations

Uterine Vascular Malformation: A Rare Cause of Life-Threatening Postpartum Hemorrhage: A Report of 2 Cases. (Liao et al), 2021;66:237–240

Artificial insemination

Pregnancy Outcomes of Intrauterine Insemination in Age-Matched Young Women According to Serum Anti-Müllerian Hormone Levels. (Gungor and Gurbuz), 2021;66:195–202

Aspirin

Current Status of Anticoagulant Therapy in Unexplained Recurrent Spontaneous Abortion. (Lan et al), 2021;66:113–117

Assisted reproductive technologies

Assisted Oocyte Activation in Recurrent Fertilization Failure. (Behery et al), 2021;66:371–377

Epidemiology of Infertility and Characteristics of Infertile Couples Requesting Assisted Reproduction in the Qassim Region in the Kingdom of Saudi Arabia. (Al-Habardi et al), 2021;66:378–382

Association Between Concentrations of Serum 25(OH)D and Outcomes of in Vitro Fertilization. (Chen et al), 2021;66:47–52

Association Between Serum Estradiol and Progesterone on the Same Day of Frozen Embryo Transfer and the Pregnancy Outcome. (Rageh et al), 2021;66:351–356

Effects of Hatha Yoga on Endocrine Functions and Assisted Reproductive Technology Outcomes in Women with Infertility: A Retrospective Cohort Study. (Ota et al), 2021;66:101106

Electroacupuncture Increases the Ability of Clomiphene Citrate to Improve Follicle Growth of Polycystic Ovary Syndrome. (Budihastuti et al), 2021;66:395–399

Evaluation of Embryo Transfer Outcomes with Different Endometrial Preparation Protocols in Frozen-Thawed Embryo Transfer Cycles. (Xia et al), 2021;66:327–336

Experiences of Women Desiring Pregnancy Following Uterine Fibroid Diagnosis. (DSouza et al), 2021;66:169–175

Hemodynamic Characteristics in Women Undergoing in Vitro Fertilization Cycles: A Prospective Study. (Baruch et al), 2021;66:176–182

IVF Pregnancy Outcomes Are Associated with the Stage of Embryo Transfer and Endometrial Ultrasonographic Parameters: A Prospective Study. (Jia et al), 2021;66:342–350

No Associations Between *Ureaplasma urealyticum*, *Chlamydia trachomatis*, and HPV Infections and the Implantation Outcomes of IVF-ET in Women with Infertility. (Liang et al), 2021;66:79–88

IVF Pregnancy Outcomes Spontaneous Pregnancy Cases After in Vitro Fertilization: Six Years of Experience. (Gungor et al), 2021;66:337–341

Successful Live Birth in Patients with Recurrent Implantation Failure by Using Pinopode Detection for Personalized Embryo Transfer: A Report of Two Cases. (Zhao et al), 2021;66:424–428

Asthma

Marijuana Use in Women of Reproductive Age and Recurrent Bacterial Vaginosis. (Vallejo et al), 2021;66:256–262

B

Bacterial vaginosis

Marijuana Use in Women of Reproductive Age and Recurrent Bacterial Vaginosis. (Vallejo et al), 2021;66:256–262

Prevalence of Mycoplasma/Ureaplasma Infections in Women Presenting with Recurrent

Vaginitis in the Ambulatory Setting. (Demirel et al), 2021;66:3–8

Provoked Vulvodynia: Type of *Lactobacilli* Retrieved. (Garza et al), 2021;66:118–122

Bartholin's gland

Gigantic Left Bartholin's Cyst Mimicking Huge Vulvar Tumor: A Case Report. (Hamid et al), 2021;66:311–314

Biomarkers

FSH Receptor Binding Inhibitor Attenuates Ovarian Carcinogenesis by Depressing c-Myc and K-Ras Levels in Ovine Ovaries. (Gong et al), 2021;66:15–21

Relationship Between ABO Blood Type and Diminished Ovarian Reserve in Chinese Women Aged ≤ 35 Years. (Li et al), 2021;66:227–231

Birth control

Impact of Tubal Ligation During Cesarean Section on Ovarian Reserve and Menstrual Pattern. (Yilmaz and Yenigül), 2021;66:383–388

Birth weight discordance

Birth Weight Discordance and Neonatal Outcomes in Uncomplicated Twin Pregnancies. (Chang et al), 2021;66:155–162

Blood glucose

Comparisons of Vitamin A and the Oxidative Stress Biomarker Levels in Women with Gestational Diabetes Mellitus: A Cross-Sectional Study. (Guo et al), 2021;66:221–226

Relationship of Myonectin with Insulin Resistance in Patients with Polycystic Ovary Syndrome: A Cross-Sectional Prospective Clinical Study. (Korkmaz and Aydin), 2021;66:183–188

Blood type

Relationship Between ABO Blood Type and Diminished Ovarian Reserve in Chinese Women Aged ≤ 35 Years. (Li et al), 2021;66:227–231

Body mass index

Relationship of Myonectin with Insulin Resistance in Patients with Polycystic Ovary Syndrome: A Cross-Sectional Prospective Clinical Study. (Korkmaz and Aydin), 2021;66:183–188

Brain

Effectiveness of Omega-3 Fatty Acid in Protection from Magnetic Field Exposure During Pregnancy: An Experimental Rat Study. (Erkayiran and Arslanca), 2021;66:277–284

C

C-Myc proteins

FSH Receptor Binding Inhibitor Attenuates

Ovarian Carcinogenesis by Depressing c-Myc and K-Ras Levels in Ovine Ovaries. (Gong et al), 2021;66:15–21

Calcium ionophores

Assisted Oocyte Activation in Recurrent Fertilization Failure. (Behery et al), 2021;66:371–377

Cancer imaging

Novel Use of Organ Segmentation Via Cancer Imaging Software in the Visualization of Complex Müllerian Anomalies: A Case Report. (Chae-Kim et al), 2021;66:53–56

Cardiac output

Hemodynamic Characteristics in Women Undergoing in Vitro Fertilization Cycles: A Prospective Study. (Baruch et al), 2021;66:176–182

Cardiovascular disease

Maternal and Perinatal Outcomes in Pregnancies Affected by Maternal Cardiovascular Disease. (Indarti et al), 2021;66:298–302

CD4 antigens

Influence of CD4+ T Cells and the Relative Cytokines and Transcription Factor Levels on Pregnancy Outcomes of in Vitro Fertilization and Embryo Transfer in Patients with Anti-Thyroid Autoantibodies. (Lu et al), 2021;66:203–214

Cesarean section

Different Delivery Models and Different Periods of Cesarean Section Influence Children's Sensory Integration Capability. (Liu et al), 2021;66:293–297

Evaluating the Efficacy of Surgical Site Infection Prevention Bundle for Cesarean Delivery: A Retrospective Cohort Study. (Callinan et al), 2021;66:245–255

Impact of Tubal Ligation During Cesarean Section on Ovarian Reserve and Menstrual Pattern. (Yilmaz and Yenigül), 2021;66:383–388

Inferior Epigastric Arterial Hemorrhage Following Cesarean Section Successfully Treated with Selective Transcatheter Arterial Embolization: A Report of Three Cases. (Kim et al), 2021;66:107–110

Influence of Obstetrics Practice on Population Trends in Europe and Slovakia. (Zahumensky et al), 2021;66:22–28

Child development

Different Delivery Models and Different Periods of Cesarean Section Influence Children's Sensory Integration Capability. (Liu et al), 2021;66:293–297

Childbirth

Different Delivery Models and Different Periods of Cesarean Section Influence Children's Sensory Integration Capability. (Liu et al), 2021;66:293–297

Perceived Professional Support During Pregnancy, Childbirth, and Postpartum Among Women Reporting Severe Fear of Childbirth Postpartum. (Grundström et al), 2021;66:89–96

Chlamydia trachomatis

No Associations Between *Ureaplasma urealyticum*, *Chlamydia trachomatis*, and HPV Infections and the Implantation Outcomes of IVF-ET in Women with Infertility. (Liang et al), 2021;66:79–88

Chorionic gonadotropin

Heterotopic Pregnancy with Intrauterine Partial Hydatidiform Mole and a Tubal Ectopic: A Case Report. (Gemmell and Goldberg). 2021;66:413–415

Chorionicity

Birth Weight Discordance and Neonatal Outcomes in Uncomplicated Twin Pregnancies. (Chang et al), 2021;66:155–162

Chromosomal microarray analysis

Prenatal Diagnosis and Genetic Counseling of a Maternally Inherited 16p13.11 Microdeletion with a Favorable Outcome: A Case Report. (Zhou et al), 2021;66:429–431

Prenatal Diagnosis and Genetic Counseling of a Paternally Inherited 15q11.2q13.1 Duplication with a Favorable Outcome: A Case Report. (Luo et al), 2021;66:432–434

Chromosomal microdeletions/microduplications

Prenatal Diagnosis and Genetic Counseling of a Maternally Inherited 16p13.11 Microdeletion with a Favorable Outcome: A Case Report. (Zhou et al), 2021;66:429–431

Prenatal Diagnosis and Genetic Counseling of a Paternally Inherited 15q11.2q13.1 Duplication with a Favorable Outcome: A Case Report. (Luo et al), 2021;66:432–434

Chromosomal polymorphism

Effects of Different Categories of Female Chromosomal Polymorphisms on Outcomes of IVF-ET Cycles. (Zhang et al), 2021;66:29–34

Chromosome karyotype

Prenatal Diagnosis and Genetic Counseling of a Maternally Inherited 16p13.11 Microdeletion with a Favorable Outcome: A Case Report. (Zhou et al), 2021;66:429–431

Clinical clerkship

The Clerkship Passport Increases Student Participation in the Third-Year Medical Student Obstetrics Clerkship. (Melber and LaCoursiere), 2021;66:263–270

Rapid Reorganization of an Academic OB-GYN Workforce During the COVID-19 Pandemic. (LaCoursiere et al), 2021;66:67–74

Colposcopy

Use and Utility of Endocervical Curettage at Colposcopy. (Guan et al), 2021;66:123–128

Conjoined twins

Genetic Counseling and Diagnosis of Dicephalus Parapagus Conjoined Twins with Umbilical Hernia During the First Trimester of Pregnancy: A Case Report. (Ahmetovic et al), 2021;66:315–318

Contraception

Marijuana Use in Women of Reproductive Age and Recurrent Bacterial Vaginosis. (Vallejo et al), 2021;66:256–262

Controlled ovarian stimulation

Evaluation of Embryo Transfer Outcomes with Different Endometrial Preparation Protocols in Frozen-Thawed Embryo Transfer Cycles. (Xia et al), 2021;66:327–336

Hemodynamic Characteristics in Women Undergoing in Vitro Fertilization Cycles: A Prospective Study. (Baruch et al), 2021;66:176–182

Coronavirus infections

Dexamethasone and Remdesivir for the Mitigation of COVID-19 Symptoms in Pregnant Patients. (Rivera-Alsina et al), 2021;66:321–326

Elective Procedures in Obstetrics and Gynecology During the COVID-19 Pandemic. (Ramsey and Page-Ramsey), 2021;66:59–66

Rapid Reorganization of an Academic OB-GYN Workforce During the COVID-19 Pandemic. (LaCoursiere et al), 2021;66:67–74

COVID-19

Dexamethasone and Remdesivir for the Mitigation of COVID-19 Symptoms in Pregnant Patients. (Rivera-Alsina et al), 2021;66:321–326

Elective Procedures in Obstetrics and Gynecology During the COVID-19 Pandemic. (Ramsey and Page-Ramsey), 2021;66:59–66

Rapid Reorganization of an Academic OB-GYN Workforce During the COVID-19 Pandemic. (LaCoursiere et al), 2021;66:67–74

Cystic mesothelioma

Multicystic Benign Mesothelioma Resected Ro-

botically in a Postpartum Female: A Case Report. (Core et al), 2021;66:163–165

Cysts

Gigantic Left Bartholin's Cyst Mimicking Huge Vulvar Tumor: A Case Report. (Hamid et al), 2021;66:311–314

Cytoreduction surgical procedure

Multicystic Benign Mesothelioma Resected Robotically in a Postpartum Female: A Case Report. (Core et al), 2021;66:163–165

D

Delivery, obstetric

Obstetric Anal Sphincter Injuries: A Retrospective Observational Analysis of the Duration of Parturition. (Levine et al), 2021;66:75–78

Perceived Professional Support During Pregnancy, Childbirth, and Postpartum Among Women Reporting Severe Fear of Childbirth Postpartum. (Grundström et al), 2021;66:89–96

Demyelinating diseases

Effectiveness of Omega-3 Fatty Acid in Protection from Magnetic Field Exposure During Pregnancy: An Experimental Rat Study. (Erkayiran and Arslanca), 2021;66:277–284

Dermoid cyst

Extragenital Teratoma in the Pouch of Douglas with Malignant Squamous Cell Transformation: A Case Report. (Li et al), 2021;66:403–408

Dexamethasone

Dexamethasone and Remdesivir for the Mitigation of COVID-19 Symptoms in Pregnant Patients. (Rivera-Alsina et al), 2021;66:321–326

Diabetes

A Novel Index to Overcome the Assessment Limitations of Insulin Resistance in Polycystic Ovary Syndrome: Homeostatic Model Assessment Index to Red Blood Cell Distribution Width Ratio. (Gurbuz and Gokmen), 2021;66:9–14

Comparisons of Vitamin A and the Oxidative Stress Biomarker Levels in Women with Gestational Diabetes Mellitus: A Cross-Sectional Study. (Guo et al), 2021;66:221–226

Preconception Counseling Among Diabetic Women by Primary Health Care Physicians: Shedding Some Light on Practice. (Aldhahi et al), 2021;66:143–154

Relationship of Myonectin with Insulin Resistance in Patients with Polycystic Ovary Syndrome: A Cross-Sectional Prospective

Clinical Study. (Korkmaz and Aydin), 2021;66:183–188

Diagnostic tests

A Novel Index to Overcome the Assessment Limitations of Insulin Resistance in Polycystic Ovary Syndrome: Homeostatic Model Assessment Index to Red Blood Cell Distribution Width Ratio. (Gurbuz and Gokmen), 2021;66:9–14

Genetic Counseling and Diagnosis of Dicephalus Parapagus Conjoined Twins with Umbilical Hernia During the First Trimester of Pregnancy: A Case Report. (Ahmetovic et al), 2021;66:315–318

Novel Use of Organ Segmentation Via Cancer Imaging Software in the Visualization of Complex Müllerian Anomalies: A Case Report. (Chae-Kim et al), 2021;66:53–56

Use and Utility of Endocervical Curettage at Colposcopy. (Guan et al), 2021;66:123–128

Diastole

Comparison of Conventional and Color Tissue Doppler Imaging M-mode Myocardial Performance Index in Detecting Left Ventricular Function in Women with Severe Preeclampsia. (Pan et al), 2021;66:189–194

Dicephalus parapagus

Genetic Counseling and Diagnosis of Dicephalus Parapagus Conjoined Twins with Umbilical Hernia During the First Trimester of Pregnancy: A Case Report. (Ahmetovic et al), 2021;66:315–318

Diet

Comparisons of Vitamin A and the Oxidative Stress Biomarker Levels in Women with Gestational Diabetes Mellitus: A Cross-Sectional Study. (Guo et al), 2021;66:221–226

Diminished ovarian reserve

Relationship Between ABO Blood Type and Diminished Ovarian Reserve in Chinese Women Aged ≤ 35 Years. (Li et al), 2021;66:227–231

Disease transmission, infectious/prevention and control

Elective Procedures in Obstetrics and Gynecology During the COVID-19 Pandemic. (Ramsey and Page-Ramsey), 2021;66:59–66

Rapid Reorganization of an Academic OB-GYN Workforce During the COVID-19 Pandemic. (LaCoursiere et al), 2021;66:67–74

Diseases in twins

Birth Weight Discordance and Neonatal Out-

comes in Uncomplicated Twin Pregnancies. (Chang et al), 2021;66:155–162

Selective Reduction by Intracardiac Potassium Chloride Injection Following Successful Laser Therapy for Twin-Twin Transfusion Syndrome: Report of Two Cases. (Chang et al), 2021;66:232–236

Duration of parturition

Obstetric Anal Sphincter Injuries: A Retrospective Observational Analysis of the Duration of Parturition. (Levine et al), 2021;66:75–78

Dysbiosis, microbiology

Provoked Vulvodynia: Type of *Lactobacilli* Retrieved. (Garza et al), 2021;66:118–122

E

Echocardiography

Comparison of Conventional and Color Tissue Doppler Imaging M-mode Myocardial Performance Index in Detecting Left Ventricular Function in Women with Severe Preeclampsia. (Pan et al), 2021;66:189–194

Hemodynamic Characteristics in Women Undergoing in Vitro Fertilization Cycles: A Prospective Study. (Baruch et al), 2021;66:176–182

Ectopic pregnancy

Heterotopic Pregnancy with Intrauterine Partial Hydatidiform Mole and a Tubal Ectopic: A Case Report. (Gemmell and Goldberg). 2021; 66:413–415

Ectopic ureter

Novel Use of Organ Segmentation Via Cancer Imaging Software in the Visualization of Complex Müllerian Anomalies: A Case Report. (Chae-Kim et al), 2021;66:53–56

Editorial

A Note from the Editor-in-Chief. (Devoe), 2021; 66:1–2

A Note from the Editor-in-Chief. (Devoe), 2021; 66:57–58

A Note from the Editor-in-Chief. (Devoe), 2021; 66:111–112

A Note from the Editor-in-Chief. (Devoe), 2021; 66:167–168

A Note from the Editor-in-Chief. (Devoe), 2021; 66:241–242

A Note from the Editor-in-Chief. (Devoe), 2021; 66:319–320

Educational measurement

The Clerkship Passport Increases Student Participation in the Third-Year Medical

Student Obstetrics Clerkship. (Melber and LaCoursiere), 2021;66:263–270

Elective procedure

Elective Procedures in Obstetrics and Gynecology During the COVID-19 Pandemic. (Ramsey and Page-Ramsey), 2021;66:59–66

Electromagnetic fields

Effectiveness of Omega-3 Fatty Acid in Protection from Magnetic Field Exposure During Pregnancy: An Experimental Rat Study. (Erkayiran and Arslanca), 2021;66:277–284

Embolization, therapeutic

Inferior Epigastric Arterial Hemorrhage Following Cesarean Section Successfully Treated with Selective Transcatheter Arterial Embolization: A Report of Three Cases. (Kim et al), 2021;66: 107–110

Embryo transfer

Effects of Different Categories of Female Chromosomal Polymorphisms on Outcomes of IVF-ET Cycles. (Zhang et al), 2021;66:29–34

Evaluation of Embryo Transfer Outcomes with Different Endometrial Preparation Protocols in Frozen-Thawed Embryo Transfer Cycles. (Xia et al), 2021;66:327–336

IVF Pregnancy Outcomes Are Associated with the Stage of Embryo Transfer and Endometrial Ultrasonographic Parameters: A Prospective Study. (Jia et al), 2021;66:342–350

No Associations Between *Ureaplasma urealyticum*, *Chlamydia trachomatis*, and HPV Infections and the Implantation Outcomes of IVF-ET in Women with Infertility. (Liang et al), 2021;66: 79–88

Successful Live Birth in Patients with Recurrent Implantation Failure by Using Pinopode Detection for Personalized Embryo Transfer: A Report of Two Cases. (Zhao et al), 2021;66:424–428

Endocervical curettage

Use and Utility of Endocervical Curettage at Colposcopy. (Guan et al), 2021;66:123–128

Endocrinology

Effects of Hatha Yoga on Endocrine Functions and Assisted Reproductive Technology Outcomes in Women with Infertility: A Retrospective Cohort Study. (Ota et al), 2021;66:101–106

Endometrial polyps

Clinicopathological Analysis of 488 Cases of Endometrial Typical Polypoid Adenomyoma. (Wang et al), 2021;66:285–292

Endometriosis

Evaluation of Endoplasmic Reticulum Stress in Endometriosis Patients by Determination of Serum X-box Binding Protein 1 Levels. (Bahat et al), 2021;66:365–370

The Impact of the Ovarian Endometrioma on Baseline Serum Anti-Müllerian Hormone Level and Natural Conception Outcomes After Laparoscopic Treatment. (Yanzhen et al), 2021; 66:136–142

Retrospective Analysis of Spontaneous Pregnancy Cases After in Vitro Fertilization: Six Years of Experience. (Gungor et al), 2021;66: 337–341

Endometrium

Clinicopathological Analysis of 488 Cases of Endometrial Typical Polypoid Adenomyoma. (Wang et al), 2021;66:285–292

Evaluation of Embryo Transfer Outcomes with Different Endometrial Preparation Protocols in Frozen-Thawed Embryo Transfer Cycles. (Xia et al), 2021;66:327–336

IVF Pregnancy Outcomes Are Associated with the Stage of Embryo Transfer and Endometrial Ultrasonographic Parameters: A Prospective Study. (Jia et al), 2021;66:342–350

Pregnancy Outcomes for Frozen-Thawed Day 5 Blastocyst Transferred After Different Duration of Progesterone Supplementation in Hormone Replacement Therapy Cycle. (Mao et al), 2021;66:271–276

Endoplasmic reticulum stress

Evaluation of Endoplasmic Reticulum Stress in Endometriosis Patients by Determination of Serum X-box Binding Protein 1 Levels. (Bahat et al), 2021;66:365–370

Environmental exposure

Effectiveness of Omega-3 Fatty Acid in Protection from Magnetic Field Exposure During Pregnancy: An Experimental Rat Study. (Erkayiran and Arslanca), 2021;66:277–284

Epigastric arteries

Inferior Epigastric Arterial Hemorrhage Following Cesarean Section Successfully Treated with Selective Transcatheter Arterial Embolization: A Report of Three Cases. (Kim et al), 2021;66: 107–110

Episiotomy

Obstetric Anal Sphincter Injuries: A Retrospective Observational Analysis of the Duration of Parturition. (Levine et al), 2021;66:75–78

Estradiol

Association Between Serum Estradiol and Progesterone on the Same Day of Frozen Embryo Transfer and the Pregnancy Outcome. (Rageh et al), 2021;66:351–356

Pregnancy Outcomes of Intrauterine Insemination in Age-Matched Young Women According to Serum Anti-Müllerian Hormone Levels. (Gungor and Gurbuz), 2021;66:195–202

Estrogen receptor

Clinicopathological Analysis of 488 Cases of Endometrial Typical Polypoid Adenomyoma. (Wang et al), 2021;66:285–292

Europe/epidemiology

Influence of Obstetrics Practice on Population Trends in Europe and Slovakia. (Zahumensky et al), 2021;66:22–28

Extragonadal teratoma

Extragonadal Teratoma in the Pouch of Douglas with Malignant Squamous Cell Transformation: A Case Report. (Li et al), 2021;66:403–408

F**Fatherhood**

Women's Experiences of High-Risk Pregnancies from the Supportive Role of Men: A Phenomenological Study. (Badakhsh et al), 2021;66: 303–310

Fatty acids

Effectiveness of Omega-3 Fatty Acid in Protection from Magnetic Field Exposure During Pregnancy: An Experimental Rat Study. (Erkayiran and Arslanca), 2021;66:277–284

Relationship of Myonectin with Insulin Resistance in Patients with Polycystic Ovary Syndrome: A Cross-Sectional Prospective Clinical Study. (Korkmaz and Aydin), 2021;66: 183–188

Fear of childbirth

Perceived Professional Support During Pregnancy, Childbirth, and Postpartum Among Women Reporting Severe Fear of Childbirth Postpartum. (Grundström et al), 2021;66:89–96

Fertility preservation

Experiences of Women Desiring Pregnancy Following Uterine Fibroid Diagnosis. (DSouza et al), 2021;66:169–175

Fetal development

Birth Weight Discordance and Neonatal Out-

comes in Uncomplicated Twin Pregnancies. (Chang et al), 2021;66:155–162

Fetal neuronal degeneration

Effectiveness of Omega-3 Fatty Acid in Protection from Magnetic Field Exposure During Pregnancy: An Experimental Rat Study. (Erkayiran and Arslanca), 2021;66:277–284

Fetal viability

Selective Reduction by Intracardiac Potassium Chloride Injection Following Successful Laser Therapy for Twin-Twin Transfusion Syndrome: Report of Two Cases. (Chang et al), 2021;66:232–236

Fetal weight

Birth Weight Discordance and Neonatal Outcomes in Uncomplicated Twin Pregnancies. (Chang et al), 2021;66:155–162

Fetofetal transfusion

Selective Reduction by Intracardiac Potassium Chloride Injection Following Successful Laser Therapy for Twin-Twin Transfusion Syndrome: Report of Two Cases. (Chang et al), 2021;66:232–236

Fetoscopy

Selective Reduction by Intracardiac Potassium Chloride Injection Following Successful Laser Therapy for Twin-Twin Transfusion Syndrome: Report of Two Cases. (Chang et al), 2021;66:232–236

Follicle-stimulating hormone

Pregnancy Outcomes of Intrauterine Insemination in Age-Matched Young Women According to Serum Anti-Müllerian Hormone Levels. (Gungor and Gurbuz), 2021;66:195–202

Relationship Between ABO Blood Type and Diminished Ovarian Reserve in Chinese Women Aged ≤ 35 Years. (Li et al), 2021;66:227–231

Frozen-thawed embryo transfer

Association Between Serum Estradiol and Progesterone on the Same Day of Frozen Embryo Transfer and the Pregnancy Outcome. (Rageh et al), 2021;66:351–356

Evaluation of Embryo Transfer Outcomes with Different Endometrial Preparation Protocols in Frozen-Thawed Embryo Transfer Cycles. (Xia et al), 2021;66:327–336

FSH receptor binding inhibitor

FSH Receptor Binding Inhibitor Attenuates Ovarian Carcinogenesis by Depressing c-Myc and K-Ras Levels in Ovine Ovaries. (Gong et al), 2021;66:15–21

G

Gardnerella vaginalis

Marijuana Use in Women of Reproductive Age and Recurrent Bacterial Vaginosis. (Vallejo et al), 2021;66:256–262

Gene mutation

Prenatal Diagnosis of Waardenburg Syndrome Type I in a Chinese Family. (Ren et al), 2021;66:97–100

Genital tract neoplasms

Synchronous Primary Carcinoma Coexisting in the Female Genital Tract with Low-Grade Appendiceal Mucinous Neoplasm: A Rare Combination: A Case Report. (Chen et al), 2021;66:419–423

Genome, bacterial

Provoked Vulvodynia: Type of *Lactobacilli* Retrieved. (Garza et al), 2021;66:118–122

Gestational age

Birth Weight Discordance and Neonatal Outcomes in Uncomplicated Twin Pregnancies. (Chang et al), 2021;66:155–162

Preterm Birth Risk in Women with Uterine Anomalies. (Kausen et al), 2021;66:129–135

Gestational diabetes

Comparisons of Vitamin A and the Oxidative Stress Biomarker Levels in Women with Gestational Diabetes Mellitus: A Cross-Sectional Study. (Guo et al), 2021;66:221–226

Gestational trophoblastic disease

Heterotopic Pregnancy with Intrauterine Partial Hydatidiform Mole and a Tubal Ectopic: A Case Report. (Gemmell and Goldberg). 2021;66:413–415

Gonadotropins

Effects of Hatha Yoga on Endocrine Functions and Assisted Reproductive Technology Outcomes in Women with Infertility: A Retrospective Cohort Study. (Ota et al), 2021;66:101–106

Gonorrhoea

Marijuana Use in Women of Reproductive Age and Recurrent Bacterial Vaginosis. (Vallejo et al), 2021;66:256–262

Gynecologic surgery

Parasitic Leiomyomas Requiring Cytoreductive Surgery with Uterine Preservation: A Case Report. (Schwarz et al), 2021;66:416–418

Robotic Laparoscopic Hysterectomy for Large Cervical Fibroid: A Case Report. (Eltabbakh et al), 2021;66:435–438

H

HbA1c

Relationship Between Serum Prolactin Level and Polycystic Ovary Syndrome in the Context of Its Disease Parameters in Korean Women. (Lee et al), 2021;66:215–220

Healthcare disparities/statistics & numerical data

Influence of Obstetrics Practice on Population Trends in Europe and Slovakia. (Zahumensky et al), 2021;66:22–28

Heart

Comparison of Conventional and Color Tissue Doppler Imaging M-mode Myocardial Performance Index in Detecting Left Ventricular Function in Women with Severe Preeclampsia. (Pan et al), 2021;66:189–194

Maternal and Perinatal Outcomes in Pregnancies Affected by Maternal Cardiovascular Disease. (Indarti et al), 2021;66:298–302

Hemodynamics

Hemodynamic Characteristics in Women Undergoing in Vitro Fertilization Cycles: A Prospective Study. (Baruch et al), 2021;66:176–182

Hemorrhagic shock

Acute Hemorrhagic Shock from Prolapsing Myoma Requiring Emergent Surgical Management: A Case Report. (Stansbury et al), 2021;66:400–402

Heterotopic pregnancy

Heterotopic Pregnancy with Intrauterine Partial Hydatidiform Mole and a Tubal Ectopic: A Case Report. (Gemmell and Goldberg). 2021;66:413–415

Homeostatic model assessment index

A Novel Index to Overcome the Assessment Limitations of Insulin Resistance in Polycystic Ovary Syndrome: Homeostatic Model Assessment Index to Red Blood Cell Distribution Width Ratio. (Gurbuz and Gokmen), 2021;66:9–14

Hormone replacement therapy

Evaluation of Embryo Transfer Outcomes with Different Endometrial Preparation Protocols in Frozen-Thawed Embryo Transfer Cycles. (Xia et al), 2021;66:327–336

Hormones

Relationship Between Serum Prolactin Level and Polycystic Ovary Syndrome in the Context of Its Disease Parameters in Korean Women. (Lee et al), 2021;66:215–220

Human papillomavirus

No Associations Between *Ureaplasma urealyticum*,

Chlamydia trachomatis, and HPV Infections and the Implantation Outcomes of IVF-ET in Women with Infertility. (Liang et al), 2021;66:79–88

Hydatidiform mole

Heterotopic Pregnancy with Intrauterine Partial Hydatidiform Mole and a Tubal Ectopic: A Case Report. (Gemmell and Goldberg). 2021;66:413–415

Hydrops fetalis

Spontaneous Resolution of Idiopathic Hydrops Fetalis: A Case Report. (Anzelc et al), 2021;66:409–412

25-Hydroxyvitamin D

Association Between Concentrations of Serum 25(OH)D and Outcomes of in Vitro Fertilization. (Chen et al), 2021;66:47–52

Hyperandrogenism

Relationship of Myonectin with Insulin Resistance in Patients with Polycystic Ovary Syndrome: A Cross-Sectional Prospective Clinical Study. (Korkmaz and Aydin), 2021;66:183–188

Hyperprolactinemia

Relationship Between Serum Prolactin Level and Polycystic Ovary Syndrome in the Context of Its Disease Parameters in Korean Women. (Lee et al), 2021;66:215–220

Hysterectomy

Robotic Laparoscopic Hysterectomy for Large Cervical Fibroid: A Case Report. (Eltabbakh et al), 2021;66:435–438

Hysteroscopic electrotony

Clinicopathological Analysis of 488 Cases of Endometrial Typical Polypoid Adenomyoma. (Wang et al), 2021;66:285–292

I

IL-17A:TGF-β1 ratio

Influence of CD4+ T Cells and the Relative Cytokines and Transcription Factor Levels on Pregnancy Outcomes of in Vitro Fertilization and Embryo Transfer in Patients with Anti-Thyroid Autoantibodies. (Lu et al), 2021;66:203–214

Immunoglobulins

Spontaneous Resolution of Idiopathic Hydrops Fetalis: A Case Report. (Anzelc et al), 2021;66:409–412

Immunohistochemistry

Clinicopathological Analysis of 488 Cases of

Endometrial Typical Polypoid Adenomyoma. (Wang et al), 2021;66:285–292

Impedance

Hemodynamic Characteristics in Women Undergoing in Vitro Fertilization Cycles: A Prospective Study. (Baruch et al), 2021;66:176–182

In vitro fertilization

Association Between Concentrations of Serum 25(OH)D and Outcomes of in Vitro Fertilization. (Chen et al), 2021;66:47–52

Effects of Different Categories of Female Chromosomal Polymorphisms on Outcomes of IVF-ET Cycles. (Zhang et al), 2021;66:29–34

Evaluation of Embryo Transfer Outcomes with Different Endometrial Preparation Protocols in Frozen-Thawed Embryo Transfer Cycles. (Xia et al), 2021;66:327–336

Hemodynamic Characteristics in Women Undergoing in Vitro Fertilization Cycles: A Prospective Study. (Baruch et al), 2021;66:176–182

IVF Pregnancy Outcomes Are Associated with the Stage of Embryo Transfer and Endometrial Ultrasonographic Parameters: A Prospective Study. (Jia et al), 2021;66:342–350

No Associations Between *Ureaplasma urealyticum*, *Chlamydia trachomatis*, and HPV Infections and the Implantation Outcomes of IVF-ET in Women with Infertility. (Liang et al), 2021;66:79–88

Relationship Between ABO Blood Type and Diminished Ovarian Reserve in Chinese Women Aged ≤ 35 Years. (Li et al), 2021;66:227–231

Retrospective Analysis of Spontaneous Pregnancy Cases After in Vitro Fertilization: Six Years of Experience. (Gungor et al), 2021;66:337–341

Successful Live Birth in Patients with Recurrent Implantation Failure by Using Pinopode Detection for Personalized Embryo Transfer: A Report of Two Cases. (Zhao et al), 2021;66:424–428

Infertility

Assisted Oocyte Activation in Recurrent Fertilization Failure. (Behery et al), 2021;66:371–377

Epidemiology of Infertility and Characteristics of Infertile Couples Requesting Assisted Reproduction in the Qassim Region in the Kingdom of Saudi Arabia. (Al-Habardi et al), 2021;66:378–382

Effects of Hatha Yoga on Endocrine Functions and Assisted Reproductive Technology Outcomes in Women with Infertility: A Retro-

spective Cohort Study. (Ota et al), 2021;66:101–106

Electroacupuncture Increases the Ability of Clomiphene Citrate to Improve Follicle Growth of Polycystic Ovary Syndrome. (Budihastuti et al), 2021;66:395–399

Evaluation of Embryo Transfer Outcomes with Different Endometrial Preparation Protocols in Frozen-Thawed Embryo Transfer Cycles. (Xia et al), 2021;66:327–336

Experiences of Women Desiring Pregnancy Following Uterine Fibroid Diagnosis. (DSouza et al), 2021;66:169–175

The Impact of the Ovarian Endometrioma on Baseline Serum Anti-Müllerian Hormone Level and Natural Conception Outcomes After Laparoscopic Treatment. (Yanzhen et al), 2021;66:136–142

No Associations Between *Ureaplasma urealyticum*, *Chlamydia trachomatis*, and HPV Infections and the Implantation Outcomes of IVF-ET in Women with Infertility. (Liang et al), 2021;66:79–88

Pregnancy Outcomes for Frozen-Thawed Day 5 Blastocyst Transferred After Different Duration of Progesterone Supplementation in Hormone Replacement Therapy Cycle. (Mao et al), 2021;66:271–276

Pregnancy Outcomes of Intrauterine Insemination in Age-Matched Young Women According to Serum Anti-Müllerian Hormone Levels. (Gungor and Gurbuz), 2021;66:195–202

Relationship Between ABO Blood Type and Diminished Ovarian Reserve in Chinese Women Aged ≤ 35 Years. (Li et al), 2021;66:227–231

A Novel Index to Overcome the Assessment Limitations of Insulin Resistance in Polycystic Ovary Syndrome: Homeostatic Model Assessment Index to Red Blood Cell Distribution Width Ratio. (Gurbuz and Gokmen), 2021;66:9–14

Relationship of Myonectin with Insulin Resistance in Patients with Polycystic Ovary Syndrome: A Cross-Sectional Prospective Clinical Study. (Korkmaz and Aydin), 2021;66:183–188

Interleukin-17

Influence of CD4+ T Cells and the Relative Cy-

tokines and Transcription Factor Levels on Pregnancy Outcomes of in Vitro Fertilization and Embryo Transfer in Patients with Anti-Thyroid Autoantibodies. (Lu et al), 2021;66:203–214

Internship and residency

Rapid Reorganization of an Academic OB-GYN Workforce During the COVID-19 Pandemic. (LaCoursiere et al), 2021;66:67–74

Intracytoplasmic sperm injection

Assisted Oocyte Activation in Recurrent Fertilization Failure. (Behery et al), 2021;66:371–377

Intrauterine insemination

Pregnancy Outcomes of Intrauterine Insemination in Age-Matched Young Women According to Serum Anti-Müllerian Hormone Levels. (Gungor and Gurbuz), 2021;66:195–202

IVF

Hemodynamic Characteristics in Women Undergoing in Vitro Fertilization Cycles: A Prospective Study. (Baruch et al), 2021;66:176–182

K

K-ras genes

FSH Receptor Binding Inhibitor Attenuates Ovarian Carcinogenesis by Depressing c-Myc and K-Ras Levels in Ovine Ovaries. (Gong et al), 2021;66:15–21

Karyotype analysis

Prenatal Diagnosis and Genetic Counseling of a Paternally Inherited 15q11.2q13.1 Duplication with a Favorable Outcome: A Case Report. (Luo et al), 2021;66:432–434

L

Labial swelling

Gigantic Left Bartholin's Cyst Mimicking Huge Vulvar Tumor: A Case Report. (Hamid et al), 2021;66:311–314

Labor, obstetric

Different Delivery Models and Different Periods of Cesarean Section Influence Children's Sensory Integration Capability. (Liu et al), 2021;66:293–297

Perceived Professional Support During Pregnancy, Childbirth, and Postpartum Among Women Reporting Severe Fear of Childbirth Postpartum. (Grundström et al), 2021;66:89–96

Role of Race and Ethnicity in the Choice of a

Vaginal Trial of Labor After Cesarean: Clinical Perspectives. (Levine et al), 2021;66:243–244

Spontaneous Resolution of Idiopathic Hydrops Fetalis: A Case Report. (Anzelc et al), 2021;66:409–412

Lacerations

Obstetric Anal Sphincter Injuries: A Retrospective Observational Analysis of the Duration of Parturition. (Levine et al), 2021;66:75–78

Lactobacillus

Provoked Vulvodynia: Type of *Lactobacilli* Retrieved. (Garza et al), 2021;66:118–122

Laparoscopy

The Impact of the Ovarian Endometrioma on Baseline Serum Anti-Müllerian Hormone Level and Natural Conception Outcomes After Laparoscopic Treatment. (Yanzhen et al), 2021;66:136–142

Laser coagulation

Selective Reduction by Intracardiac Potassium Chloride Injection Following Successful Laser Therapy for Twin-Twin Transfusion Syndrome: Report of Two Cases. (Chang et al), 2021;66:232–236

Left ventricular dysfunction

Comparison of Conventional and Color Tissue Doppler Imaging M-mode Myocardial Performance Index in Detecting Left Ventricular Function in Women with Severe Preeclampsia. (Pan et al), 2021;66:189–194

Leiomyomas

Acute Hemorrhagic Shock from Prolapsing Myoma Requiring Emergent Surgical Management: A Case Report. (Stansbury et al), 2021;66:400–402

Parasitic Leiomyomas Requiring Cytoreductive Surgery with Uterine Preservation: A Case Report. (Schwarz et al), 2021;66:416–418

Robotic Laparoscopic Hysterectomy for Large Cervical Fibroid: A Case Report. (Eltabbakh et al), 2021;66:435–438

Lipids

Relationship of Myonectin with Insulin Resistance in Patients with Polycystic Ovary Syndrome: A Cross-Sectional Prospective Clinical Study. (Korkmaz and Aydin), 2021;66:183–188

Live birth

Successful Live Birth in Patients with Recurrent Implantation Failure by Using Pinopode Detection for Personalized Embryo Transfer: A Report of Two Cases. (Zhao et al), 2021;66:424–428

Long protocol

Association Between Concentrations of Serum 25(OH)D and Outcomes of in Vitro Fertilization. (Chen et al), 2021;66:47–52

Low-molecular-weight heparin

Current Status of Anticoagulant Therapy in Unexplained Recurrent Spontaneous Abortion. (Lan et al), 2021;66:113–117

M**Magnetic field exposure**

Effectiveness of Omega-3 Fatty Acid in Protection from Magnetic Field Exposure During Pregnancy: An Experimental Rat Study. (Erkayiran and Arslanca), 2021;66:277–284

Magnetic resonance imaging

Genetic Counseling and Diagnosis of Dicephalus Parapagus Conjoined Twins with Umbilical Hernia During the First Trimester of Pregnancy: A Case Report. (Ahmetovic et al), 2021;66:315–318

Marijuana

Marijuana Use in Women of Reproductive Age and Recurrent Bacterial Vaginosis. (Vallejo et al), 2021;66:256–262

Marital relationship

Women's Experiences of High-Risk Pregnancies from the Supportive Role of Men: A Phenomenological Study. (Badakhsh et al), 2021;66:303–310

Maternal age

Pregnancy Outcomes of Intrauterine Insemination in Age-Matched Young Women According to Serum Anti-Müllerian Hormone Levels. (Gungor and Gurbuz), 2021;66:195–202

Maternal and neonatal outcome

Maternal and Perinatal Outcomes in Pregnancies Affected by Maternal Cardiovascular Disease. (Indarti et al), 2021;66:298–302

Maternity experiences survey

Perceived Professional Support During Pregnancy, Childbirth, and Postpartum Among

Women Reporting Severe Fear of Childbirth Postpartum. (Grundström et al), 2021;66:89–96

Mature cystic teratoma

Extragenital Teratoma in the Pouch of Douglas with Malignant Squamous Cell Transformation: A Case Report. (Li et al), 2021;66:403–408

Medical residency

Rapid Reorganization of an Academic OB-GYN Workforce During the COVID-19 Pandemic. (LaCoursiere et al), 2021;66:67–74

Menstrual irregularity

Abnormal Uterine Bleeding in Adolescent Korean Girls: Clinical Manifestations and Management and Counseling Strategies. (Shin et al), 2021;66:357–364

Analysis of Risk Factors During Cesarean Section on Ovarian Reserve and Menstrual Pattern. (Yilmaz and Yenigül), 2021;66:383–388

Mesothelioma

Multicystic Benign Mesothelioma Resected Robotically in a Postpartum Female: A Case Report. (Core et al), 2021;66:163–165

Microbiome

Provoked Vulvodynia: Type of *Lactobacilli* Retrieved. (Garza et al), 2021;66:118–122

Midwifery

Perceived Professional Support During Pregnancy, Childbirth, and Postpartum Among Women Reporting Severe Fear of Childbirth Postpartum. (Grundström et al), 2021;66:89–96

Miscarriage rate

Pregnancy Outcomes for Frozen-Thawed Day 5 Blastocyst Transferred After Different Duration of Progesterone Supplementation in Hormone Replacement Therapy Cycle. (Mao et al), 2021;66:271–276

Mode of delivery

Different Delivery Models and Different Periods of Cesarean Section Influence Children's Sensory Integration Capability. (Liu et al), 2021;66:293–297

Models, educational

The Clerkship Passport Increases Student Participation in the Third-Year Medical Student Obstetrics Clerkship. (Melber and LaCoursiere), 2021;66:263–270

Models, theoretical

Role of Race and Ethnicity in the Choice of a Vaginal Trial of Labor After Cesarean: Clinical Perspectives. (Levine et al), 2021;66:243–244
